www.cvmhdp.org.uk
Having provided a foreword to previous service directories for the Cardiff and Vale Mental Health Development Project I was delighted to be asked to do the same for the 2010 edition.

We live in an age where access to information has never been easier. The internet provides immediate access to information that would have previously been accessible only through painstaking research. Not only has the internet made this information available, new technology allows us to access this information on mobile handheld equipment.

The availability of information is however only one side of the story. It is the quality of information which is paramount. Amidst the array of information available on the web being able to find comprehensive and importantly accurate information on high quality services is critical. The Directory provides this information in a useable format accessible to people experiencing mental health problems, their families, friends and the professionals delivering services.

Furthermore during this time of economic austerity it has never been more important to ensure that we make use of the full range of service provision. Knowing what services are available and how to access them can only help in ensuring that the broad range of services in Cardiff, the Vale of Glamorgan and beyond are available to those people who need them.

Once again the Directory been developed to a high standard providing up to date information. It will continue to empower people with mental health problems and to inform those people who serve to assist in their recovery.

The directory is a tool that I am sure will more than prove its worth.

Phil Chick
Mental Health Development Lead for Wales
National Leadership and Innovation Agency for Healthcare
Introduction

This Directory was compiled initially in 2003 and reprinted in 2007, by Cardiff and Vale Mental Health Development Project. Funding for this edition has been provided by Cardiff Council and Cardiff and Vale UHB, with support from a number of agencies including the Vale of Glamorgan Council and Cardiff and Vale Mental Health Forum.

We would like to thank all our contributors, both statutory and voluntary, for their input.

The Directory includes statutory and voluntary sector mental health services available in Cardiff and the Vale of Glamorgan.

Despite our best efforts we are aware that the contents are not exhaustive.

Comments on all aspects of this Directory are very welcome, and can be addressed to:

## Contents

### 1. Legal Matters

- Mental Health Act 1983  
- Mental Capacity Act 2005  
- The National Health Service and Community Care Act 1990  
- The Carers (Recognition and Services) Act 1995  
- The Carers & Disabled Children Act 2000  
- Carers (Equal Opportunities) Act 2004

### 2. Statutory Services

#### 2.1 Adult Mental Health: General Services

- **City and County of Cardiff Council**
  - Adult Mental Health Services  
  - Emergency Duty Services  
  - Forensic Services  
  - Day Services  
  - Cardiff Alcohol and Drug Team (C.A.D.T.)  
  - DART (Disability Advisory Resource Team)  
  - City and County of Cardiff Tenant Support Scheme  
  - Emergency Bed Co-ordinator

- **Vale of Glamorgan Council**
  - Adult Mental Health Services  
  - Community Support Workers  
  - Specialist Services  
  - Emergency Duty Services

#### 2.2 Adult Mental Health Specialist Services

- **Cardiff & Vale University Health Board/Cardiff & Eastern Vale of Glamorgan**
  - Primary Care Mental Health Liaison Gateway Worker Service  
  - Community Mental Health Teams  
  - General Practitioners – Cardiff & Eastern Vale of Glamorgan  
  - Inpatient Services  
  - Adult Mental Health Services (Recovery & Rehabilitation)  
  - Crisis Resolution & Home Treatment Teams (CRHT Teams)  
  - The Rehabilitation Service  
  - Mental Health Occupational Therapy Service  
  - Crisis House  
  - Crisis Recovery Unit  
  - Abertawe Bro Morgannwg University Health Board
  - Western Vale Community Mental Health Team  
  - Out of Hours Service  
  - Inpatient Services  
  - Coity Clinic Day Hospital  
  - Continuing Care/Rehabilitation  
  - Outpatient Facilities  
  - Western Vale Crisis Resolution & Home Treatment Team (CRHT Team)  
  - General Practitioners – Western Vale of Glamorgan

### 2.2 Adult Mental Health Specialist Services

- **Bulimic Disorders Service**
• Community Addiction Unit 51
  (C.A.U.)
• Community Veterans Mental Health Service 52
• Counselling Service 53
  in Primary Care
• Department of Liaison Psychiatry 54
• Low Secure and Community Forensic Services 55
• Mother and Baby Unit 57
• Psychology and Counselling Services 58
• Traumatic Stress Service 59
• Welsh Neuropsychiatry Service 60

2.3 Mental Health Services 63
for Older People

• Cardiff & Eastern Vale of Glamorgan 64
  • Community Teams 64
  • Day Hospitals 65
  • Inpatient Services 66
  • Memory Team 66
  • Practice Development Unit 66
  • Solace 67

• Western Vale of Glamorgan 68
  • Community EMI Nursing Team 68
  • Inpatient Services 68
  • Outpatient Facilities 68

Legal Matters

- Mental Health Act 1983
- Mental Capacity Act 2005
- The National Health Service and Community Care Act 1990
- The Carers (Recognition and Services) Act 1995
- The Carers and Disabled Children Act 2000
- Carers (Equal Opportunities) Act 2004
Mental Health Act 1983
The principal legislation which governs the formal detention and care of “mentally disordered” people in hospital in England and Wales, is the Mental Health Act 1983. 
On 3rd November 2008, a number of changes were made to the 1983 Act by the Mental Health Act 2007: these are reflected in what follows.

The 8 guiding principles of the 1983 Act are grouped under the following headings – empowerment, equity, effectiveness and efficiency. Further details can be found in the Mental Health Act 1983 Code of Practice for Wales.

The Language Used in the Mental Health Act
The term “mental disorder” which is used throughout the Act means “any disorder or disability of the mind”.
An “Approved Mental Health Professional” is a professional who has undertaken training and acts on behalf of the local authority, for the purposes of the Mental Health Act.
A “Responsible Clinician” is a professional who has undertaken training and been approved to act as such, who is in charge of the care and treatment of a person detained under the Act.

Admission to Hospital
It is the intention of the Act that, wherever possible, people are admitted to hospital “informally”, i.e. without using the formal powers of the Act (Section 131). In the event of a person being unwilling to go into hospital it may be possible to compulsorily detain them for assessment and/or treatment in the interests of their own health or safety, or for the protection of others. The grounds for compulsory admission, assessment or treatment are that the person is suffering from a mental disorder of a nature or degree that warrants his/her detention in hospital for assessment and/or treatment and that such admission is necessary in the interests of the health and safety of the person and/or the protection of other people. Where the detention in hospital is for treatment, there must be appropriate medical treatment available.

The Approved Mental Health Professional has responsibility for co-ordinating the process of Mental Health Act assessment and must be satisfied that compulsory detention is the most appropriate way of providing care and medical treatment. In reaching this decision they will interview the patient in a ‘suitable manner’, which should take into account language and cultural needs of the individual, consider the social circumstances of the case, take account of any previous psychiatric history and consider alternative resources to detention in hospital. The application by the Approved Mental Health Professional must be supported by two medical recommendations.

The Patient in Hospital
In principle, the informal psychiatric patient is in a similar legal position to the patient in a general hospital. However, in an emergency, if it becomes necessary to undertake a Mental Health Act
assessment on an informal inpatient, the Act allows for a doctor to hold the patient for a period of up to 72 hours to give time for completion of Section 2 or 3. It is also possible for a nurse of the “prescribed class” to hold a patient for period of up to 6 hours to enable a patient to be examined by a doctor.

It is the responsibility of the Hospital Managers to make sure that a detained patient receives information about the powers of detention, their right of appeal to the Hospital Managers, and to the Mental Health Review Tribunal, their right to access an Independent Mental Health Advocate and their right to refuse certain types of treatment.

Consent to Treatment
For patients detained under the Mental Health Act 1983, Part IV of the Act goes to some lengths to ensure that patients comprehend the nature of planned treatment programmes. Drug treatment for mental disorder may be given to a patient with or without the patient’s consent during the first three months of detention in hospital. (This does not apply to medical treatment for physical illness – this is governed by the Mental Capacity Act 2005.) At the end of the 3 month period, the patient’s consent or a second opinion will be required to continue with further administration of treatment. A patient who has capacity cannot be given ECT (Electro Convulsive Therapy) if he/she does not want it, even if he/she is detained under the Mental Health Act. These safeguards can be set aside where the need for treatment is both serious and urgent – for example, to save a patient’s life.

Mental Health Review Tribunals
The Mental Health Review Tribunal is a part of the Court system and is responsible for hearing patient appeals against detention.

Tribunal panel members consist of a legal member, a medical member, and a lay member. All have experience considered suitable by the Lord Chancellor.

Patients detained under Section 2, 3, 7 (Guardianship) and 17 (Supervised Community Treatment) have the right of appeal to a Tribunal as do patients detained under hospital orders. Appeals can be made by the patient or their nearest relative. Information on how this can be done may be obtained from the Hospital Managers, or from staff on the hospital ward where the patient is detained.

All detained patients who appeal to the Tribunal are entitled to free legal representation. The Law Society issues a list of solicitors and their employees who are competent to represent patients at a Mental Health Review Tribunal.

Discharge from Hospital
Informal patients may discharge themselves at any time. Patients detained under compulsory orders may be discharged when their ‘Section’ expires, or prior to this at the discretion of the Responsible Clinician. The patient’s nearest relative may apply to discharge a detained patient by giving 72 hours
notice in writing to the Hospital Managers. This notice can be overruled by the Responsible Clinician, if, in their opinion the patient, if discharged, would be likely to act in a manner dangerous to themselves or others.

After Care (s.117)
It is the joint responsibility of both the Health Service and the Local Authority to provide aftercare for discharged patients previously detained under a treatment (not assessment) order. The form and extent of this aftercare is not defined by the legislation, but should be based on the patient’s needs. The patient and/or their family cannot be charged for aftercare given under section 117. Aftercare should continue to be provided for as long as the patient needs it and can only end with the joint agreement of both the Health and the Local Authority.

Though not a legal requirement, where some care input from a voluntary organisation (e.g. voluntary housing agency) is an element of the S117 discharge plan, that organisation should be included in discussions of an individual’s aftercare needs.

Guardianship
The purpose of guardianship is to enable patients to receive community care within an authoritative framework. That framework should provide a minimum of constraint to allow the patient to achieve as independent a life as possible within the community, and lessen the risk of hospital re-admission. As such, with the exception of the power to take and retake a patient, the powers of the guardian are not capable of enforcement but rely on the co-operation of the patient and can be seen as an effective community resource and form of aftercare.

Guardianship can be applied to persons over sixteen years old who have a mental disorder, and where it is necessary in the interests of the welfare of the person and for the protection of others.

The guardian can be a local authority or a nominated private person. Application is made by the nearest relative or an Approved Mental Health Professional with the support of two medical recommendations. The guardian has the power to require the person subject to the order to reside at a specified place, to attend specific places at specific times for the purpose of medical treatment, occupation, education or training, and to give access to the place where that person resides to any medical practitioner, Approved Mental Health Professional or other person specified by the guardian.

Healthcare Inspectorate Wales
Healthcare Inspectorate Wales is independent of the Hospital. It is a special Health Authority that carries out functions on behalf of the Secretary of State and the National Assembly for Wales. The Inspectorate performs functions of a public nature and is therefore a “public authority” for the purposes of the Human Rights Act 1998. The members of the Inspectorate (known as Reviewers) are drawn from doctors, lawyers, nurses,
social workers, psychologists and other specialists as well as interested lay persons. Healthcare Inspectorate Wales reviews the operation of the Act and the way its powers of detention and consent to treatment provisions are exercised, and also ensures the rights of detained patients are being upheld. The Reviewers visit all hospitals and units where patients are detained under the Act. They can interview patients, examine legal documentation, investigate complaints and monitor deaths of detained patients. Perhaps most importantly they prepare a report every two years which is laid before Parliament. The Inspectorate also issues practice notes on special issues related to the Act.

Mental Health Act 1983 Code of Practice for Wales
From 3rd November 2008, there was a new Code of Practice for Wales. This provides guidance to those people who operate the Mental Health Act and should be followed unless there are good reasons not to do so.

The Code can be viewed on hospital wards, Mental Health Teams have copies and it can also be found on website below:
www.wales.nhs.uk/mentalhealthact1983

Power of Attorney
Sometimes one person will want to give another person authority to make a decision on their behalf. A power of attorney is a legal document that allows them to do so. Under a power of attorney, the chosen person (the attorney or donee) can make decisions that are as valid as one made by the person (the donor).

Before the Enduring Powers of Attorney Act 1985, every power of attorney automatically became invalid as soon as the donor lacked the capacity to make their own decision. But that Act introduced the Enduring Power of Attorney (EPA). An EPA allows an attorney to make decisions about property and financial affairs even if the donor lacks capacity to manage their own affairs.

The Mental Capacity Act replaced the EPA with the Lasting Power of Attorney (LPA). It also increased the range of different types of decisions that people can authorise others to make on their behalf. As well as property and affairs (including financial matters), LPAs can also cover personal welfare (including healthcare and consent to medical treatment) for people who lack capacity to make such decisions for themselves. The donor can choose one person or several to make different kinds of decisions.

Since the Mental Capacity Act came into force in 2007, it is not possible to make new EPAs. Some donors will have created EPAs before the Act came into force with the expectation that their chosen attorneys will manage their property and affairs in the future, whether or not they have capacity to do so themselves. If donors still have capacity, they can cancel the EPA and make an LPA covering their property and affairs. They should also notify attorneys and anyone else aware of the EPA (for example, a bank) that they have cancelled it.
Some donors will choose not to cancel their EPA or they may already lack the capacity to do so. In such cases, the Act allows existing EPAs, whether registered or not, to continue to be valid so that attorneys can meet the donor’s expectations. An EPA must be registered with the Office of the Public Guardian when the attorney thinks the donor lacks capacity to manage their own affairs, or is beginning to lack capacity to do so.

### Lasting Power of Attorney

Only adults aged 18 or over can make an LPA, and they can only make an LPA if they have the capacity to do so.

- **Personal Welfare LPAs**
  LPAs can be used to appoint attorneys to make decisions about personal welfare, which can include healthcare and medical treatment decisions. The standard form for personal welfare LPAs allows attorneys to make decisions about anything that relates to the donor’s personal welfare. But donors can add restrictions or conditions to areas where they would not wish the attorney to have the power to act. A personal welfare LPA can only be used at a time when the donor lacks capacity to make a specific welfare decision.

  A personal welfare LPA allows attorneys to make decisions to accept or refuse healthcare or treatment unless the donor has stated clearly in the LPA that they do not want the attorney to make these decisions. An attorney can only consent to or refuse life-sustaining treatment on behalf of the donor if, when making the LPA, the donor has specifically stated in the LPA document that they want the attorney to have this authority.

- **Property and Affairs LPAs**
  A donor can make an LPA giving an attorney the right to make decisions about property and affairs (including financial matters). Unless the donor states otherwise, once the LPA is registered, the attorney is allowed to make all decisions about the donor’s property and affairs even if the donor still has capacity to make the decisions for themselves. In this situation, the LPA will continue to apply when the donor no longer has capacity.

  Alternatively a donor can state in the LPA document that the LPA should only apply when they lack capacity to make a relevant decision. The fact that someone has made a property and affairs LPA does not mean that they cannot continue to carry out financial transactions for themselves. The donor may have full capacity, but perhaps anticipates that they may lack capacity at some future time. Or they may have fluctuating or partial capacity and therefore be able to make some decisions (or at some times), but need an attorney to make others (or at other times). The attorney should allow and encourage the donor to do as much as possible, and should only act when the donor asks them to or to make those decisions the donor lacks capacity to make. However, in other cases, the donor may wish to hand over responsibility for all decisions to the attorney, even those they still have capacity to make.

  If a donor does not restrict decisions the attorney can make, the attorney will be
able to decide on any or all of the person’s property and financial affairs.

Court of Protection
The Court of Protection is a specialist court to deal with decision-making for adults (and children in a few cases) who may lack capacity to make specific decisions for themselves. The new Court of Protection replaces the old court of the same name, which only dealt with decisions about the property and financial affairs of people lacking capacity to manage their own affairs. As well as property and affairs, the new court also deals with serious decisions affecting healthcare and personal welfare matters. These were previously dealt with by the High Court under its inherent jurisdiction.

The new Court of Protection is a superior court of record and is able to establish precedent (it can set examples for future cases) and build up expertise in all issues related to lack of capacity. It has the same powers, rights, privileges and authority as the High Court. There will usually be a fee for applications to the court.

In cases of serious dispute, where there is no other way of finding a solution or when the authority of the court is needed in order to make a particular decision or take a particular action, the court can be asked to make a decision to settle the matter using its powers. However, if there is a need for ongoing decision-making powers and there is no relevant power of attorney, the court may appoint a deputy to make future decisions. It will also state what decisions the deputy has the authority to make on the person’s behalf.

It is for the court to decide who to appoint as a deputy. Different skills may be required depending on whether the deputy’s decisions will be about a person’s welfare (including healthcare), their finances or both. The court will decide whether the proposed deputy is reliable and trustworthy and has an appropriate level of skill and competence to carry out the necessary tasks.

Receivers appointed by the court before the Mental Capacity Act are treated as deputies and keep their existing powers and duties.

Appointeeship
Appointeeship is where a person acts on behalf of another to receive their benefits and use the money to pay household expenses such as bills, food and personal items.

The Department for Work and Pensions acting on behalf of the Secretary of State can authorise someone else to act on a person’s behalf if the person is over 18 and incapable of managing their own affairs. This is called an appointment to act and the person or organisation appointed to act is called an appointee. An appointment to act is made under Regulation 33 of the Claims and Payments Regulations 1987.

An appointment to act can only be made in favour of a person aged 18 or over and at any one time, there must only be one appointee acting on the person’s behalf for all benefits administered by the Department for Work and Pensions.
An appointee can be an individual such as a relative or friend or an organisation such as a local authority or a firm of solicitors. An appointee would be responsible for everything to do with benefits such as completing and signing forms or reporting changes of circumstances.

An appointee is only able to manage benefits such as state pension, pension credit, housing and council tax benefit. An appointee is not able to manage bank accounts or private pensions.

Deprivation of Liberty Safeguards (DoLS)
DoLS are a new part of the Mental Capacity Act 2005, that came into force on 1st April 2009. DoLS provides a means of lawfully depriving someone of their liberty in either a hospital or care home, if it is in their best interests and is the least restrictive way of keeping the person safe from harm. DoLS does not apply to a person in their own private home. For DoLS to apply, the person must be 18 years of age or over, have a mental disorder (i.e. any disorder or disability of mind) and lack the capacity to make decisions about how they should be cared for.

The hospital or care home has to apply for a DoLS authorisation, and on receipt of it, the LHB or Local Authority will send out a minimum of 2 people (one a Dr with experience of mental disorder and the other a Best Interests Assessor) to assess the person on 6 grounds. If all the grounds are met the LHB or LA will issue a DoLS authorisation, so that the person can lawfully be kept in the hospital or the care home. Appeals against DoLS are handled by the Court of Protection.

For more information on DoLS (including the Code of Practice) and the Mental Capacity Act 2005 generally, please go to: www.mentalcapacityact.wales.nhs.uk

Mental Capacity Act 2005
The Mental Capacity Act 2005 provides the legal framework for acting and making decisions on behalf of individuals who lack the mental capacity to make particular decisions for themselves. Everyone working with and/or caring for an adult who may lack capacity to make specific decisions must comply with this Act when making decisions or acting for that person, when the person lacks the capacity to make a particular decision for themselves. The same rules apply whether the decisions are life-changing events or everyday matters.

Before making an application under the Mental Health Act (MHA), doctors and Approved Mental Health Professionals should consider whether they could achieve their aims safely and effectively by using the Mental Capacity Act (MCA) instead. If a doctor believes that they can safely assess or treat a person under the MCA, they do not need to consider using the MHA.

Sometimes it will be necessary to consider using the MHA rather than the MCA because it is not possible to give the person the care or treatment they need under the MCA but it is important to remember that a person cannot be treated under the MHA unless they meet
the relevant criteria for being detained. For example, compulsory treatment under the MHA is not an option if the patient’s mental disorder does not justify detention in hospital, or the patient needs treatment only for a physical illness or disability.

There is no reason to assume a person lacks capacity to make their own decisions just because they are subject (under the MHA) to detention, guardianship or supervised community treatment but people who lack capacity to make specific decisions are still protected by the MCA even if they are subject to the MHA (this includes people who are subject to the MHA as a result of court proceedings).

Subject to certain conditions, the MHA allows doctors to give patients who are liable to be detained treatment for mental disorders without their consent – whether or not they have the capacity to give that consent. But doctors treating people for mental disorder under the MHA cannot simply ignore a person’s capacity to consent to treatment. As a matter of good practice (and in some cases in order to comply with the MHA) they will always need to assess and record whether patients have capacity to consent to treatment, and if so, whether they have consented to or refused that treatment.

The National Health Service and Community Care Act 1990

Under the 1990 National Health Service and Community Care Act any adult aged 18 or over who is eligible for and requires services from the Local Authority has the right to a full assessment of their needs and the services provided should be individually tailored to meet those assessed needs.

The two main stipulations are:
• Everyone who requires services has the right to a full assessment of their needs and to be fully involved in that assessment.
• Everyone assessed who is eligible has the right to expect that the services they receive are tailored to meet their needs where reasonably practicable.

An assessment can be initiated by either a change in need, a change in circumstances or upon a request from an individual and or their carer/advocate for an assessment. This assessment is currently organised by the Local Authority who must arrange for a named Case Manager to be responsible for the assessment and care planning.

The individual has a right to participate in the full assessment of their needs. Others who may contribute could include the individual’s advocate or carer.

A person may be charged for any services provided following a financial assessment although many people will be exempt from charges depending on their legal status (especially under the Mental Health Act 1983) or their level of income.

All plans should be reviewed at least once a year.

The Carers (Recognition and Services) Act 1995

The Carers (Recognition & Services) Act 1995, which came into effect on 1st April 1996 was the first piece of legislation to

LEGAL MATTERS
recognise fully the crucial role played by carers. The Act contains two main elements for carers:
• A carer’s right to ask for an assessment of their ability to care
• Local authorities duty to take into account the results of this assessment when looking at what support to provide to the person cared for (the service user)

The Act covers three groups of carers:
• Adults (people aged 18 or over) who care for other adults
• Adults who care for ill or disabled children (under the age of 18)
• Young carers under the age of 18 who care for a relative

To be eligible for an assessment carers must be:
• Providing, or intending to provide, a substantial amount of care on a regular basis.

Under this Act an assessment is available on request when a local authority carries out an assessment of the person cared for in respect of services under:
• The NHS & Community Care Act 1990
• The Children Act 1989
• The Chronically Sick & Disabled Persons Act 1970.

The Carers and Disabled Children Act 2000
The Carers & Disabled Children Act 2000, implemented in Wales in August 2001, aims to build upon the Carers Act of 1995 and to give local authorities new and important powers to provide services directly to carers. This legislation is intended to enable local authorities to develop new services to support Carers. It will offer help to carers who need practical support to continue caring by making it easier for carers and disabled people to get services that will enable both to have a better quality of life.

What the legislation does for Carers:
• Gives carers, over the age of 16, the right to an assessment of their own needs, even when the cared for person does not want to be assessed.
• For the first time, local authorities can provide carers with services in their own right. Services to carers are not defined as such. Local authorities may provide any services which, in their view, will support the carer in their caring role and help them to maintain their own health and well being. These services are however subject to charging arrangements.
• Local authorities are able to provide vouchers and direct payments to carers and disabled people, so that they will have more freedom to choose the types of services they require.
• Young disabled people aged 16 & 17 are able to receive direct payments to purchase their own support services to meet their assessed needs under the Children Act 1989. This is intended to bring about improvements in the quality of life of people who would like to manage their own support.

The Assessment
A carer’s assessment under The Carers and Disabled Children Act 2000 is carried out at the request of the carer in order:
• To determine whether the carer is
eligible for support
• To determine the support needs of the Carer (i.e. what will help the carer in their caring role and help them to maintain their own health and well being)
• To see if those needs can be met by social or other services

Outcomes for the carer could be delivered in a number of ways:
• Advice, information or social work as part of the care management process
• A modification of the package for the cared for person that provides the carer with additional breaks etc. through the delivery of additional or more convenient community care services to the cared for person.
• The provision of "Carers' Services" through the Act
• Sign-posting to community services that the carer can access directly and that are free of charge (such as carers' centres and support groups etc.)

Under the Act, carers have a right to ask for an assessment. Good practice advocates that local authorities should have a policy of offering carers an initial assessment in circumstances where the carer is providing support to a community care service-user.

Carers (Equal Opportunities) Act 2004

The Act gives Carers more choice and opportunities to lead a more fulfilling life, by ensuring that they receive information about their rights to assessment, and to training and work opportunities.

It should achieve three main things:
• Ensure that work, life-long learning and leisure are considered when a carer is assessed
• Give local authorities new powers to enlist the help of housing, health, education and other local authorities in providing support to carers
• Ensure that carers are informed of their rights

Work, Training, Education and Leisure

The Act amends both the Carers (Recognition and Services) Act 1995 and the Carers and Disabled Children Act 2000 by ensuring that carer’s assessments must include consideration of whether carers work, or wish to work, and are undertaking or wish to undertake, education, training or any leisure activity.

Duty to inform

The Act states that the local authority must inform the carer, including a person with parental responsibility for a disabled child, the following:
• That he or she may be entitled to a carer’s assessment
• The assessment must take into consideration the carer’s wish, or need to work, have a break or enter training or life-long learning opportunities, whilst caring
• Other parts of the local authority should ensure that they work with social services, if social services asks for their assistance, to deliver the aims set out by the Act.
Children with caring responsibilities
The Act also includes children under the age of 16 with caring responsibilities. Informing children of their right to an assessment must be undertaken in the context of family assessments and undertaken in an appropriate manner.

Co-operation between authorities
A Local Authority can request any Local Education Authority, Housing Authority, or Health Authority to assist in the planning of carers’ services.

N.B. The Act stresses that the services in question could be provided either to the carer or to the disabled person. This would be important where, for example, leisure services work to support the disabled person, whilst the carer does other things, or joins them in the leisure activity.
2. Statutory Services

- Adult Mental Health: General Services
- Adult Mental Health: Specialist Services
- Mental Health Services for Older People
- Child & Adolescent Mental Health Services
- Community Health Councils
2.1 Adult Mental Health: General Services

City and County of Cardiff
- Adult Services Overview
- Adult Mental Health Services
- Emergency Duty Services
- Forensic Services

Adult Services Overview
Organisation
The Families and Communities Service exists to fulfil the Local Authority’s responsibilities to assist and support vulnerable adults living in Cardiff. These responsibilities and types of assistance are wide ranging. They arise from various pieces of welfare legislation introduced over the last fifty years. Whilst this legislation permits considerable discretion as to the precise nature of the assistance provided, there is an over-arching duty on the local authority to assist those vulnerable members of the Cardiff population to live safely, with dignity, and with the right to retain control over their own lives. Any social service intervention against the expressed wishes of those individuals will be exceptional and only taken if those individuals present a serious risk to themselves or others.

General Enquiries
City and County of Cardiff, Adult Services, County Hall, Atlantic Wharf, Cardiff, CF10 4UW
Tel: 029 2087 2000

Adult Mental Health Services
Social work staff are an integral part of the Community Mental Health Teams (CMHT’s), which are led by Cardiff and Vale University Health Board. They provide social work support, assessments by an Approved Social Worker (ASW), under the Mental Health Act 1983, and assessments under the NHS and Community Care Act 1990, and other legislation, ie Carers Recognition and Services Act. The staff are based in the 5 sector CMHT’s and provide a visiting service to the Sealock Centre.

Referral
Referrals can be made through the CMHT serving your area. These are:

Hamadryad CMHT, The Hamadryad Centre, Hamadryad Road, Butetown, Cardiff CF10 5UY – covers Grangetown, Butetown, Riverside, Canton, Pontcanna and Upper Grangetown.
Tel: 029 20246 3488

North West CMHT (Gabalfa Clinic), 213 North Road, Cardiff CF14 3AG – covers Whitchurch, Rhiwbina, Thornhill, Llanishen, Heath, Lisvane, Gabalfa, Mynachdy, Tongwynlais and Taffs Well.
Tel: 029 2069 3941

West Cardiff CMHT (Pendine Centre), 124-126 Cowbridge Road West, Cardiff – covers Ely, Caerau, The Drope, Fairwater, Pentrebane, Radyr and Llandaff

South East CMHT (The Links), Old CRI Buildings, Longcross Street, Cardiff CF23 OSZ – covers Roath, Adamsdown, Splott, Cathays, and part of Trowbridge.
Tel: 029 2033 5555

North East CMHT (Pentwyn Health Centre), Bryn Heulog, Pentwyn, Cardiff CF23 7JD – covers Lisvane, Cyncoed, Pentwyn, Llanedeyrn, St. Mellons, Trowbridge, Rumney and Llanrumney.
Tel: 029 2073 1466

Emergency Duty Services
This is an out of hours service, inclusive
Forensic Services
Social Workers are an integral part of the Community Forensic Team led by the Cardiff and Vale University Health Board, and are based in Whitchurch Hospital.

Day Services Centres
Cardiff Local Authority Adult Services provides two Mental Health Day Services:

**Meteor Street Day Services**
42 Meteor Street, Adamsdown, Cardiff CF24 0HX
Tel: 029 2048 9333

**Ty Canna Day Services**
40 Market Road, Canton, Cardiff CF5 1RZ
Tel: 029 2064 1530

Both day services aim to provide a range of flexible services based on our service user’s individual needs. We provide these services in the daytime or evenings at either of our buildings; in the community or our service user’s home. We provide relevant information and support to enable our service user’s to make informed choices in order to reach their full potential. Additionally, our buildings are used as a resource for providing information on Mental Health issues. Voluntary groups also use our buildings as a venue for mental health focused self-help groups. We actively encourage service user’s to get involved in the planning and developing of our services.

Outreach Service
The ‘Outreach’ service is provided by both day services. The aim of the outreach service is to help service users develop their ‘Life Skills’ e.g.
- Increasing confidence in social situations
- Developing Education, Training or Work Skills
- Promote Independent Living Skills: Individual Budget Planning, Meal Planning and Cooking, Shopping
- Working on Practical Tasks
- Promote Healthy Living
- Regaining Social Confidence – Using public transport, participating in leisure activities. Supporting service users in Educational, Training or Voluntary/Paid Work
- Working with Service Users so that they take an active part in their care, treatment and support package

Drop In
A friendly, supportive Drop-In is provided on Monday, Wednesday and Friday (inc. some evenings) at both Day Services. There is a Service User run Drop-In on a Tuesday at Meteor Street and Tuesday and Thursday at Ty Canna.

The overall aims of the Drop-In are:
- To provide a friendly, supportive, non-judgemental environment
- To promote recovery
- To overcome isolation
- To be a viable alternative to hospital
- To provide advice and information
- To provide social and psychological support
To provide respite for carers
To act as a resource centre

Social activities are frequently arranged outside the service including Theatre/Cinema visits; Meals out; Day Trips; Sporting Activities; Use of Leisure Centres.

Referral
A Unified Assessment needs to be completed in order to gain access to any part of the service. Eligibility is decided by a Mental Health Team manager and/or Service Manager.

However, referrals can be made directly to the service user run drop-in’s.

Contact

Cardiff Alcohol and Drug Team (C.A.D.T.)

Services
The Cardiff Alcohol and Drug Team is managed by the City and County of Cardiff. They offer services to anyone who is experiencing difficulties as a result of alcohol or drug use.

The following services are available:
- Individual, couple and family counselling
- Community Care Assessment and Care Management social work service
- Telephone counselling
- Information on local agencies
- Consultation for professionals and public
- Training courses
- Family Support Development Worker
- Strengthening Families Programme for Parents/Carers & their youth aged 10–14

The service is open from 9.00am – 5.00pm Monday – Friday.

A social worker is also based in the Community Addictions Unit (C.A.U.) led by Cardiff and Vale University Health Board.

Fax: 029 2046 8594

DART – Disability Advice and Resource Team

Aims and Objectives
DART is a specialist service within Cardiff Council’s Neighbourhood Learning Service that aims to enable adults with disabilities to engage/re-engage in learning activities.

DART’s Mental Health Project aims to promote social inclusion and wellbeing by removing barriers to access and engaging adults with mental health problems in educational courses that facilitate the development of skills needed to be able to participate in community, leisure, social, educational and employment opportunities.
Services
The Service provides courses catering specifically for people with:
• Mental Health Problems
• Learning Disabilities
• Physical Disabilities and/or Acquired Brain Injuries

DART also provides open access courses in British Sign Language, Deaf Awareness, Communication tactics and Lip-reading.

Opening hours 8.30am – 4.30pm
Monday – Friday

There is wheelchair access to the DART Office and the majority of venues.

Referral
People can self refer by contacting Lois Danks at DART, or referrals can be made via day services, hospitals, CMHT staff, voluntary sector etc.

Contact
Lois Danks, DART, Room 305, The Friary Centre, The Friary, Cardiff CF10 3FA
Tel: 029 2064 4696
Fax: 029 2023 2913
E-mail: ldanks@cardiff.gov.uk

City & County of Cardiff Tenant Support Team

Aims and Objectives
This team aims:
• To assist and enable vulnerable people across all tenures in the Cardiff area to live independently.
• To minimise the risk of tenants failing in their tenancies.
• To work in partnership with statutory and voluntary organisations.
• To ensure that vulnerable individuals receive support as and when appropriate which will lead to successful long-term maintenance of their tenancies.

The Service
The Local Authority have entered into a scheme to provide support for housed and homeless people (but not street homeless) from all over Cardiff who are identified as needing support and to help them overcome any problems that may affect their ability to acquire or maintain their tenancy. The Housing Social Care Officers will visit a person in their own home and assess their suitability for the scheme. If they meet the criteria they can match specific support needs with a Support Provider via the Tenant Support Scheme.

The Local Authority works with a number of support providers who can offer different levels of support based on a person’s individual needs. This support is funded through The Welsh Assembly.

Referral
The Tenant Support Team is NOT a direct access service. If an individual feels that they would benefit from some extra help via the Tenant Support Team and Scheme, then they need to contact their Housing Officer, Support Worker, Social Worker etc, and request that a referral is made to the Team.

The Tenant Support Team can help if an individual is:
• Struggling with settling into a new property
• Struggling with getting utilities connected

STATUTORY SERVICES:
ADULT MENTAL HEALTH GENERAL SERVICES
• Struggling with filling in forms
• Finding it difficult to cope in general and as a result are in danger of losing their tenancy
• Struggling with more specific issues such as those relating to mental health that are having an impact on their ability to maintain their tenancy
• At imminent risk of losing a tenancy, e.g. have been given a notice to quit

These are just a selection of problems, we appreciate there may be many more.

Contact
The Tenant Support Team, PO Box 349, Cardiff CF11 1BU
Tel: 029 2053 7342
Fax: 029 2053 7386
E-mail: tenantsupportteam@cardiff.gov.uk

Emergency Bed Co-ordinator
The Emergency Bed Coordinator (EBC) is a direct access service for single homeless people based at Customs House, Cardiff & is managed and co-ordinated by Crichton House Outreach Services.
Service users access the service via an appointment based system with the EBC. The EBC completes an Initial Contact Assessment where individual need is assessed and suitable project referrals made based on their need, vulnerability and suitability. Where no suitable vacancies for accommodation are available, the EBC utilises the Emergency Service (floor space) in Customs House, Emergency Beds in other frontline hostels or refers the service user to The Bus Project where they can access additional advice and support.

Each service user will then be placed on the appropriate project waiting list and when a vacancy arises the EBC will nominate Service Users based on need, vulnerability and appropriateness of allocation.

Contact
For more information or to make an appointment to see the EBC please contact Customs House direct on 029 2087 3995. Catrin Howells is the manager of the project, she is based at Crichton House and can be contacted on 029 2044 0390.
Social Services

Organisation
The Council’s purpose and principal aim, through the directorate is to make available a comprehensive range of services which address the learning and social care and employment needs of individuals in the Vale of Glamorgan working to a recovery model—from early childhood and throughout our lives. In partnership with local, regional and national organisations the Directorate intends, through its operations, planning and delivery of services to:

- Enable and empower individuals to achieve their full potential
- Offset disadvantage, whether due to social or individual factors, and protect children and vulnerable adults from harm
- Improve the accessibility of individuals to educational and social care provision
- Commission and provide a wide range of complex services to meet the needs and preferences of people of all ages
- Improve joint practices for the planning and monitoring of all services

Adult Mental Health Services
Social Workers employed by the Vale of Glamorgan Social Services Department have a range of statutory duties to provide social work support to individuals with a severe and enduring mental illness. A Unified Assessment of need under the National Health Service and Community Care Act 1990 is undertaken to identify and facilitate appropriate services if required. Approved Mental Health Professionals within the team undertake Mental Health Act Assessments in accordance with the Mental Health Act 1983. Assessments for carers in accordance with the Carers (Recognition and Services) Act 1995 are also undertaken to ensure appropriate support is provided to alleviate stress. Centres in Barry and Hafan Dawel in Penarth cover the geographical area of the Vale of Glamorgan. Liaising with both Cardiff and Vale University Health Board and the Abertawe Bro Morgannwg University Health Board, staff also work closely with colleagues based in the CMHT in the Western Vale.

Community Support Workers
The Support Workers attached to the Vale Mental Health Team function as an integral part of the Team. Working under close supervision of the Case Manager, they perform a valuable supporting/monitoring role with clients who have a serious mental illness. All the clients who receive this service have been assessed and meet the Eligibility Criteria for Community Care funding. The Community Support Worker service has been increased and developed since the introduction of the NHS and Community Care Act (1990). Its main function within the mental health specialism is to provide
a level of support to people to promote social inclusion and independence thus improving quality of life.

Specialist Services
Mentally disordered offenders –
Senior Social Work Practitioners (SSWP’s) provide a service to those clients who have an identified mental illness and have been in contact with the Criminal Justice System.

Referral
In order to access Mental Health Social Work services referrals from a G.P. or appropriate Health Professional is required. For further enquiries see contact details below.

Contact
Team Manager, Amy Evans Centre, 190 Holton Road, Barry.
Tel: 01446 733331
Fax: 01446 746541

Emergency Duty Services
Emergency Duty Services (out of hours) inclusive of Approved Mental Health Professionals are provided by Cardiff on behalf of the Vale of Glamorgan.

Contact
Emergency Duty Services
Tel: 029 2078 8570
General Mental Health Services Directorate

The Cardiff and Vale University Health Board (UHB) provides mental health services for clients (and their carers) between the ages of 16–70 with serious and enduring mental health problems. General mental health service provision within Cardiff and Vale UHB is based on a neighbourhood model of care. The main focus has been the development of 8 Community Mental Health Teams (CMHTs).

Area of Benefit

General mental health services are provided across Cardiff and the Eastern Vale of Glamorgan. Some specialist services are provided on a South Wales basis.

Primary Care Mental Health Liaison Gateway Worker Service

What the Aim of Service is:
To provide short term treatments to the general public who are experiencing common mental health issues such as stress, mild depression and/or anxiety. The service is provided by Gateway Workers, experienced specialist mental health professionals such as Nurses, Social Workers and Occupational Therapists who work in GP surgeries. The service is there to provide support to people who want to try new ways of helping themselves tackle their own problems and difficulties.

What Services are on Offer:
The Gateway worker will discuss a number of options which may help address your own specific needs. These can include:-
• Book prescriptions
• Exercise referrals
• Attending a Stress Control Course (6 weekly sessions at a community venue)
• Computerised CBT (Cognitive Behavioural Therapy)
• Solution focussed sessions to look at problem solving

A Gateway Worker can offer up to a maximum of 4 sessions in the surgery. 40 minutes for the first appointment and up to 3 follow up appointments which are 20 minutes in duration.

How to Refer
At present this service is limited to 14 surgeries in West Cardiff, the 10 GP surgeries in the Pendine CMHT catchment area, and 4 out of the 8 G.P. surgeries in central Barry.

Referral to this service is via the G.P. or Practice counsellor only.

The service is free.

E-mail: peryn.morgan@wales.nhs.uk
Community Mental Health Teams (CMHTs)
There are five CMHTs in Cardiff, one in the Eastern Vale of Glamorgan and one in the Western Vale, providing mental health service provision to clients aged 18–65 experiencing serious or enduring mental health problems. This is a statutory sector service delivered through a partnership between Health and Social Services and other voluntary sector providers.

Referral
Referrals are made on an area basis, according to G.P. catchment areas.

The CMHTs aim to:
• Promote health and recovery
• Prevent mental illness
• Provide a local response to local people
• Provide a range of services including assessment, diagnosis and treatment using a range of therapies, techniques and social interventions as well as general and specific support and advice.

Services
The Teams include a range of disciplines including psychiatry, psychology, physiotherapy, nursing, occupational therapy and social work. They also have a function to signpost referrals to other agencies where the presenting problem is not a core focus of the CMHT. This would include referrals for counselling, drug and alcohol problems, and other problems that are not the remit of the CMHT. The Teams are happy to provide telephone advice about the best way to access an urgent or emergency assessment. Carers may also access the teams for a carers assessment.

Opening Hours
The CMHTs are open 9am – 5pm Monday to Thursday, and 9am – 4.30pm Friday, apart from the NE and SE Teams, Cardiff, open till 5pm.

Out of Hours Service
There is also a weekend mental health nursing service available for clients already known and currently receiving mental health services. This service operates on Saturdays, Sundays and bank holidays from 9am – 5pm. This is a home visiting and telephone advice service.

Contact
Whitchurch Hospital
Tel: 029 2069 3191
(And ask for the Weekend CPN Service)

Languages
Interpreters can be accessed for most languages as required. In addition each team may include staff who speak other languages.

Referral
Access to the service is made by referral, referrals being made by GP, other service providers and in some instances self referral, provided the person being referred is aware that the referral is being made. Official referral forms from all CMHT’s.

Cardiff Community Mental Health Teams (CMHT’s)

Hamadryad CMHT (South West Cardiff and Grangetown & Butetown)
This team covers the areas of Grangetown, Butetown, Riverside, Canton, Pontcanna, and Upper Grangetown, Cardiff.
Wheelchair access is via the main entrance door. All Consulting rooms are on the Ground Floor.

The team does not have any formal arrangements for languages spoken other than English. However, interpreters can be accessed for most languages as required.

Contact
Jayne Millar, Clinical Nurse Leader
The Hamadryad Centre, Hamadryad Road, Butetown, Cardiff CF10 5UY

Inpatient Services
Supporting each Community Mental Health Team (CMHT) are in-patient facilities based at Whitchurch Hospital, the University Hospital of Wales at Monmouth House and the Llanfair Unit at Llandough Hospital.

A number of hospital beds are aligned to each CMHT to resume continuity of care for clients if admission is required.

A five bedded Intensive Care Service is available within Whitchurch Hospital for clients needing higher levels of nursing and medical care over short periods of time.

Adult Mental Health Services
Recovery and Rehabilitation – DORS

Aims & Objectives
The DORS team provides intensive mental health support using a recovery based model to service users with severe and enduring mental health illness within the Cardiff area.

The team aim is to empower service users to actively participate in their own recovery by:
- Increasing social contact and support
- Sustaining and developing roles, relationships, social/leisure and vocational activities in mainstream settings
- Providing opportunities for service users to be actively involved in the development of mental health services and support networks

Services
The main focus of our interventions is to engage service users with mainstream community activities through individualised support. This is achieved by focusing on psychological work, vocational rehabilitation and social/recreational interventions.
- Psychological work – CBT, Family work, Relapse prevention, Anxiety Management, OCD
- Vocational Rehabilitation – Education, Voluntary work and Employment
- Social/Recreational – Promote ordinary lives, increase use of community resources, increase support networks and facilitate group sessions and activities

Thereby maximizing the service user’s potential for personal development and promoting independence within their community.

Referral
Referrals are received on Paris (UHB IT) from Cardiff Community Mental Health Teams, Primary Care Liaison Team, Crisis teams and inpatient areas.

Along with the Cardiff Local Authority Day Services we liaise closely with our partners in the mental health voluntary sector in order to avoid duplication and maximize our community resources.

Vale Day Services
Services
The Day Service operates within the Barry and Penarth community. The service is designed to operate within a Vocational Rehabilitation framework and undertakes
a significant role in maintaining the client in their community setting. Clients have access to a multi-disciplinary health care team which has bases in Barry and Penarth as well as providing community and outreach services.

**Referral**

Referrals are accepted from health care professionals within mental health services for the area.

**Crisis Resolution and Home Treatment Teams (CRHT Teams)**

**South Cardiff and Vale CRHT Team:**
Areas covered are Links, Hamadryad, Riverside, Hafan Dawel and Amy Evans CMHTs.

**North Cardiff CRHT Team:**
Areas covered are Gabalfa, Pendine and Pentwyn CMHT’s.

The CRHT Teams aim to act as ‘gatekeepers’ to mental health services, rapidly assessing individuals with acute mental health needs, providing immediate multidisciplinary community-based treatment 24 hours a day, 7 days a week; ensuring that services are provided in the least restrictive environment, as an alternative to inpatient care for a maximum of 8 weeks; remaining involved with the client until the crisis is resolved and the client linked to ongoing care; and being actively involved in discharge planning, facilitating early discharge if inpatient care has been necessary.

- Rapid assessment
- Signposting to other services where necessary
- Intensive home treatment with high frequency of visits at home where indicated
- Nursing, social work, psychology and psychiatrist input
- Formulation of Relapse Prevention Plans through education and collaboration

**Referral**

Referral to the CRHT Teams is made through the CMHTs Mon to Fri 9am – 5pm, and via the G.P. at other times.

---

**The Rehabilitation Service**

**Aims & Objectives**
To aid in the recovery and rehabilitation of persons suffering from serious mental health problems.

**Services**
A wide range of services are available to aid in the recovery and rehabilitation of persons suffering from serious mental health problems. Different types and levels of support are available, delivered through individually tailored care plans. Care plans are agreed with involvement from service users and carers (where
appropriate), in the context of the multi-disciplinary team. This team consists of doctors, nurses, occupational therapists, psychology, physiotherapists, pharmacists, and access to any other specialist who may be able to help the person. The range of services available reflects the complex and enduring needs of the client group. Care plans are designed to empower individuals to realise maximum potential in all areas of their lives.

**Specific Provision**

**In Patient** There is currently one in-patient ward at Whitchurch hospital and one in part of a newly refurbished building in Llanishen. These focus on individuals with severe enduring mental health needs, who at times exhibit challenging behaviour and need structured therapeutic interventions to maintain their independence and rebuild skills and confidence to enable social integration. Clients are assessed and follow a pathway of care through the service to other Rehabilitation facilities or to community placements.

**East 1 Whitchurch Hospital**

A 14 bedded unit which provides rehabilitation and continuing care to persons with complex and challenging enduring mental health needs. Our philosophy of care is that we use the principles of promoting autonomy and individuality. Care is personalised and strives to give back independence to a level achievable for each individual. The Client is given the opportunity to develop skills needed to help move on and prepare for discharge. These skills could be practical things such as how to plan, shop and cook, or it could be about developing confidence again. Each person will have different needs that we can help with. We encourage people to take responsibility by promoting choice, working together to discover what aspects of life they need help with, and giving the support needed to achieve goals. We will help to structure an individuals day which helps with their overall wellbeing. It is a relaxed environment, people are friendly and supportive. We encourage everyone to be respectful and considerate to each other.

**Cefn Onn Iorwerth Jones Llanishen**

A 10 bedded unit which provides rehabilitation and continuing care to persons with complex physical and mental health needs. We are a mixed gender ward for people experiencing functional, chronic mental illness, often presenting with more challenging behaviours than in other rehabilitation settings. There are no specific age criteria for admission. Our service users are currently aged 55–79 years. Our care delivery is designed to run alongside the recovery model, which focuses on the strengths of the individual and acknowledges that each person’s experience/recovery is a personal journey. Our aim is to increase self esteem, develop independence at whatever level is appropriate to the individuals abilities and to promote supported social integration. Many of our service users have been in hospital for years and have in some cases developed more complex issues/needs due to long term institutionalisation. Most of our service users have various physical needs, further warranting holistic packages of care and the length of stay on the ward tends to
be longer than average rehabilitation units due to these complex needs.

**Community Based Park Road Houses**
A 14 bedded unit on the outskirts of the hospital. This is a fast track (6–12 month stay) rehabilitation unit where individuals are supported and encouraged to learn or relearn independent living skills, e.g. shopping, cooking, budgeting, using public transport etc. A very well established psycho-education group that assists members with medication management, symptom awareness and relapse signatures, within the context of an evidenced-based model, is a key element of the service. This unit caters predominantly for a younger client group who following a period of intensive rehabilitation will progress to independent living or supported accommodation.

**Phoenix Community**
“Slow Track” rehabilitation unit. Average length of stay 12-24 months. The Phoenix Community is a core and cluster service. It consists of the Phoenix (core house) and two houses close by (cluster houses). The Phoenix provides 8 Rehabilitation beds and is an inpatient unit in the community. The Phoenix provides 24hr nursing cover, 7 days a week.

The two cluster houses at Connaught Road provide accommodation for 9 people. These two houses are owned by LINC Housing Assoc. Individuals can move on and be discharged to these houses from the Phoenix. Although individuals have tenancy agreements with the Linc HA, it is the Phoenix community that provides their support. If it is felt at some point of an individuals stay at the cluster houses that they no longer require this level of care they will be helped to find housing with less support. Their room is then made available for others coming from the Phoenix core house in Wordsworth Ave. The client group comprises of people from the community and from inpatient services, referrals come to us through the central rehabilitation referral process.

Individuals who are referred are on the whole people who experience serious and enduring mental illnesses. However, individuals may have complex needs where mental illness co-exists with physical and neurological problems. The care we provide aims to be as holistic as possible and professionals from various disciplines are involved in providing support for our residents. They include consultant psychiatrist, G.P.’s, social workers, nurses and community support workers, occupational therapists, pharmacists, physiotherapist and dieticians. All residents undergo an initial 1/12 assessment period where we aim to find out if the client is ready or willing to engage in a rehabilitation program. Issues such as their current mental state, their level of motivation, and assessment of risks will all have a bearing on whether their stay with us will continue beyond the 1/12 assessment period. From the Phoenix individuals will have the opportunity to move on to one of the houses at Connaught Road or another supported house or flat in the community, sometimes they will go back to their own homes with a package of care. It is important that individuals receive the right level of support and we always work towards getting an accurate picture of each individuals needs as we can. During
an individuals stay with us we aim to assess them in all the significant areas of functioning. Practical things such as:- shopping, managing money, cooking, diet, managing personal hygiene, taking care of the domestic environment, using public transport, managing medication, maintaining personal safety and relapse prevention. Other important areas for consideration are social and interpersonal skills training. Often after individuals have come through periods of acute mental illness or perhaps they have been living in isolated situations for a long time many of these skills can be lost or underdeveloped.

At a place like the Phoenix community there is a great opportunity for individuals to learn or regain skills in a safe nurturing environment where individuals can be encouraged to rise to the challenges, feel secure enough to risk making mistakes and then learn from these experiences. Staff are on hand to monitor and assess progress and serve as role models. The aim is for deficits in functioning to be minimised and strengths affirmed and utilised.

Pen-yr-Ynys
A 10 bedded rehabilitation unit. Pen-yr-Ynys is a recovery and wellbeing service based in Barry Island. We currently provide 7 recovery and 3 wellbeing beds to service users from the Vale and more recently Cardiff.

The wellbeing beds provide a ‘break’ for service users and/or their carers. A week is provided periodically throughout the year, but longer can be negotiated if required and booked in advance. During the week service users are given the opportunity to engage in the social activities provided by PYY and build on their social skills and networks. Re-looking at relapse plans, educational sessions around diagnosis and medication are offered and medication reviews if required. Work on self esteem and activities of daily living is also offered. Wellbeing beds are used for service users who are living in the community. We do not transfer service users from an inpatient area into a bed.

The recovery beds are used for service users who require a specialist recovery programme. After the initial assessment and acceptance a 4 week assessment period is offered to see where the need lies and the service users commitment to participate in the programme. These programmes are especially beneficial to service users who have been on an acute ward for a period of time and have lost skills/confidence in independent living. If the service user needs help in the following, please consider a referral:

- Medication management
- Education around diagnosis
- Relapse prevention methods
- Social skills training/structured day
- Self care i.e. personal hygiene, laundry
- Budgeting skills/money management
- Cooking/safe storage and preparation
- Self esteem and confidence building
- Using public transport
- Accessing community facilities
- Seeking more independent accommodation
Supported Housing and IRIS Team
The service consists of shared houses which provide on-going support to persons with enduring mental health needs in partnership with local housing associations. Nursing support is available every day including at weekends.

Referrals
Referrals for the Rehabilitation Services are accepted from other departments within the UHB mental health services via PARIS (electronic record system) All referrals are discussed by the Rehabilitation service at a weekly meeting.

Mental Health Occupational Therapy Service
Cardiff and Eastern & Central Vale
Aims & Objectives
The Occupational Therapy Service offers needs led therapeutic interventions to adults and older people with mental health problems to facilitate recovery and enable people to maintain and develop skills in the areas of self care, vocation and leisure.

Occupational Therapists work with mental health service users, their relatives and carers and network with a wide range of statutory and voluntary services to deliver a comprehensive rehabilitation service promoting service user empowerment, recovery and social inclusion.

Services
Mental Health Occupational Therapy Services are integral to:
• Acute Inpatient Services
• Inpatient and community based rehabilitation services
• Crisis Recovery Unit
• Community Mental Health Services (CMHTs and Day Services)
• Neuropsychiatry Services
• Forensic Services
• HMP Cardiff
• Substance Misuse Services
• Mental Health Services for Older People

Referral
Referrals are accepted from clinical staff within secondary services and in Community Mental Health Teams from primary and secondary care sources through the teams’ established referral process.

Crisis House
The Crisis House is a jointly funded project between Gofal, and Cardiff and Vale University Health Board.

The aim of the project is to provide short term crisis accommodation for adult clients with severe and enduring mental illness who are experiencing a crisis in their mental health.

The project seeks to provide a holistic approach to aiding recovery and aims to prevent the possible stigmatization of hospital admission. The Crisis House provides a 24 hour service staffed by Support Staff employed by Gofal, and is supported by the Crisis Resolution & Home Treatment Teams serving Cardiff and the Vale.

The Crisis House promotes continuity of care between itself and community based services, focusing on the psychosocial needs of service users for a period up to a maximum of 14 days.

Referrals may only be made for individuals receiving care through the Crisis Resolution & Home Treatment Service.

The multidisciplinary team draws up a focused support plan detailing:

- The Objectives to be met
- The number and frequency of visits by the Crisis Resolution and Home Treatment Team. This will be flexible enough to respond rapidly to changes in the clinical situation

- The interventions offered to the individual detailing by whom, when and where the intervention will take place
- Support planning will require the active involvement of the client, taking account of the views, input and concerns of family/carers
- Support planning will involve actively planning for the client to return home

Support plans will be reviewed as required, but within 4 days of initial agreement of the plan at a designated team meeting, including crisis house staff and Crisis Resolution & Home Treatment Team.

The Crisis Resolution & Home Treatment Team will remain involved throughout the period that accommodation is required in the Crisis House.

Crisis Recovery Unit
The Crisis Recovery Unit (CRU) offers a service to individuals being treated by either of the two Crisis Resolution and Home Treatment Teams that operate in Cardiff and the Vale of Glamorgan.

The CRU provides assessment, therapeutic intervention and support, in a safe environment for individuals experiencing a mental health crisis. It is designed to provide a flexible and responsive assessment and treatment service. The service supports clients of the CRHT Teams, providing a more intensive and consistent therapy that may not be available in a community based setting.
The service provides respite for both service users and carers, reducing tension and de-escalating difficult social situations. In some circumstances it will enable carers to return to work if necessary. The service normally operates from 9.30am – 5.30pm seven days a week. Service users can attend as part of a CPA plan, up to 7 days a week depending on their or carer’s need. Where possible service users may continue to access community programmes while attending CRU.

Service users normally attend the unit, using taxis booked and paid for by the CRU, between 10.30am – 3.30pm although these hours can be changed according to need.

The CRU promotes a relaxed, non-threatening environment for service users in crisis or following a crisis. A range of treatments and activities are provided. Service users will collaborate with the development of individually designed treatment programmes and form their care plan in CPA documentation which they will then sign and have a copy of. These programmes will provide a balance of therapeutic interventions, recreational activities and ‘time out’ in a non-pressured setting.

A range of food will be provided for service users to make their own meals, help and support will be available to enable them to make a meal/learn to make a meal for themselves. These points of contact are recognised as excellent opportunities for establishing rapport, assessment in ‘normal’ situations and informal therapy.
Abertawe Bro Morgannwg University Health Board provides services for the population of the Western Vale of Glamorgan. The range of services provided by the Mental Health Directorate includes the following:

- Community Mental Health Team – based at Llantwit Major
- Out of Hours Service (9.00am – 5.00pm provided Saturdays and Sundays from the Community Intensive Support Service based at Quarella Road).
- Acute Inpatient Services at Coity Clinic including a Psychiatric Intensive Care Unit
- Day Hospital Services at Coity Clinic
- Day Care Services integrated with Bridgend County Borough Council at Ty'r Ardd.
- Continuing Care/Rehabilitation Services provided at Glanrhyd Hospital and Cefn-yr-Afon.
- Outpatient services
- Crisis Resolution and Home Treatment Team at Coity Clinic.

Western Vale Community Mental Health Team (Llantwit Major)
Community Care – Services are centred around a multi-disciplinary and multi-agency Community Mental Health Team based at Llantwit Major in the Western Vale of Glamorgan. The Community Mental Health Team provides support to people aged 17 years (out of full time education) up to 64 years of age. New clients over 65 years are referred to the Elderly Mental Health Service. The majority of clients suffer from a serious or enduring mental illness, although there is an increasing demand on services for people who require psychological intervention. The CMHT operates on a multi-disciplinary basis and consists of a Psychiatrist, Psychologist, Community Psychiatric Nurses, Nurse Therapist, Occupational Therapist, Social Worker and administration support.

The Mental Health Service has multiple aims, which include providing treatment in order to aid people in their recovery from a crisis, caring for those with continuing mental health problems and maximising the individual’s potential in living a normal life within their community.

Opening Hours for Access
The Community Mental Health Team presently operates between the hours of 9.00am – 5.00pm, Monday to Friday.

An Out of Hours service operates Saturday and Sunday between 9.00am and 5.00pm provided by the Abertawe Bro Morgannwg University Health Board Community Intensive Support Service.

A Crisis Resolution/Home Treatment Service is available between 9.00am – 9.30pm 7 days a week, with assessments provided by the Junior Doctors on duty between the hours of 9.30pm – 9.00am.

Referral
Referrals are made to the Community Mental Health Team via a single point
of access between the hours 9.00am – 5.00pm Monday to Friday. All referrals for admission to acute inpatients are via the Crisis Resolution/Home Treatment Service.

Contact
Llantwit Major Health Centre, Boverton Road, Llantwit Major
Tel: 01446 791130

The Team also holds Consultant Psychiatrist, Nurse Therapist and Clinical Psychology sessional clinics at Cowbridge and Llantwit Major Health Centres enabling people who live in the area to receive a more local service.

Out of Hours Service
The Out of Hours Service is provided from within the Community Intensive Support Service based at Quarella Road, Bridgend, and is available between 9.00am – 5.00pm, Saturday to Sunday. This is provided in addition to the existing Community Mental Health Team.

Referral
The Out of Hours Service is strictly a referral service accepted from Community Mental Health Teams, Psychiatrists and acute wards at Coity Clinic. G.P.’s, carers and voluntary agencies are able to contact this service via its single point of access for advice and information.

Contact
Mr Kevin James, Team Manager
Tel: 01656 763000

Community Intensive Support Service, Quarella Road, Bridgend

Inpatient Facilities
Adult Acute Inpatient Services are provided at Coity Clinic, Princess of Wales Hospital. The clinic has 40 acute inpatient beds which includes 8-10 beds for elderly functional illness and 1 detoxification bed, together with a 5 bed purpose built Psychiatric Intensive Care Unit, purpose built ECT Suite and Acute Day Hospital providing a range of assessment, diagnostic and treatment support facilities. These wards admit people with severe mental illness and the unit is identified as a place of safety under Section 136 of the Mental Health Act 1983.

Tel: 01656 752264

Coity Clinic Day Hospital
The Day Hospital provides 20 places Monday to Friday and serves a number of key functions – providing support to individuals to prevent admission, giving support to those people recently discharged, providing therapy for inpatients, and as a base for referrals.
for individual and group counselling – inc. anxiety management, relaxation etc.

Referral
Referrals are made via G.P.’s, the CMHTs, Crisis Resolution/Home Treatment team and Consultant Psychiatrists.

Contact
Coity Clinic Day Hospital, Princess of Wales Hospital
Tel: 01656 752683

Continuing Care/Rehabilitation Services
Continuing Care/Rehabilitation and Respite Care Services are provided in Raglan Ward, Glanrhyd Hospital, Glanrhyd Hospital and Cefn-yr-Afon, Quarella Rd., Bridgend. Referrals are made directly consultant to consultant.

Day Care is provided for those clients with long term mental health problems. This is provided through an integrated health and social care provision based at Ty’r Ardd, Bridgend. The focus of ARC (Assisted Recovery in the Community) service is to support access to a range of community based social and recreational activities. This service also has close links with Further Education Departments and employers who are able to meet the requirements of our clients.

A weekly Clozapine Clinic is held at Coity Clinic, Mental Health and Well Being Outpatient Centre.

Outpatient Facilities
Outpatient clinics are provided for clients of the Western Vale at the Mental Health and Well Being Centre, Coity Clinic, Princess of Wales Hospital. Locality clinics are also held at Cowbridge Health Centre once monthly and at Llantwit Major Health Centre twice monthly.

Referral
Referrals are made via G.P.’s to the single point of access for referrals within the Community Mental Health Team and are reviewed at the weekly referral allocation meeting.

Western Vale Crisis Resolution and Home Treatment Team (CRHT Team)
These services provide intensive support for people in a mental health crisis in their own home or in other suitable alternatives.

The Crisis Resolution and Home Treatment Service is the single point of access for assessment for admission to acute inpatient beds. It is designed to provide prompt and effective home treatment, including medication, as an alternative to hospital admissions and gives support to informal carers.

The team will act as a gatekeeper to acute inpatient care and will also support the early discharge for those individuals who
are assessed as not appropriate to be treated at home and who are admitted to Acute Inpatient Services.

This team also undertakes initial mental health assessments in A&E, accepts referrals from the G.P.’s and liaises with the District General Hospital wards.

**Referral**

Referrals are made via G.P.’s and Community Mental Health Teams.

Bulimic Disorders Service

Cardiff & The Vale
The Bulimic Disorders Service is a Psychology led outpatient service providing 16–20 sessions of Cognitive Behavioural Therapy for adults with a bulimic disorder. Clients also have access to specialist dieticians.

The client group served are adults aged over 18, who have been experiencing difficulties for at least six months. They must be registered with a General Practitioner within Cardiff and The Vale and have been assessed by their Local Community Mental Health Team for the Cardiff and Vale University Health Board area.

Referral
Referrals are accepted from Cardiff and Vale Community Mental Health Teams.

Concerns about the current provision for veterans have been widely reported with some arguing for dedicated services here as seen in the USA. The Welsh Assembly Government (WAG) and the Ministry of Defence are committed to improving support and treatment within the NHS for veterans. As a result the Cardiff and Vale UHB community veterans mental health service has been funded by the WAG, as the hub for the all Wales veterans mental health service, with 5 other full time veterans therapists in each of the other LHBs, to improve services for veterans. This started from April 2010 and will run indefinitely.

The CVMHS will diagnose and offer treatment or signpost on to local NHS Services or Veterans Agencies for problems such as:
- Mood problems (including depression)
- Anxiety related conditions
- Alcohol and Drug misuse
- Post Traumatic Stress Disorder
- Problems including getting on with others or self harm

Referral
- Self referral via website link, e-mail or telephone
- Via G.P. or anyone involved in clinical care
- Veterans Agencies
- Via family member

This service operates in G.P. Practices in Cardiff and the Vale of Glamorgan; counsellors in the practices provide brief structured counselling for clients referred with common mental health problems.

The service is available to adults aged 18 plus and is provided within G.P. practice hours in each local G.P. practice.

Referral
Referrals are normally made by a G.P. (clients must be registered with a G.P).

Contact

E-mail: jenny.mcbride@wales.nhs.uk
The Department provides a service to the medical wards at the University Hospital of Wales, Rookwood Hospital and Cardiff Royal Infirmary, as well as to Holme Tower. Patients between the ages of 16 and 65 are assessed as inpatients by the medical staff.

A psychiatric liaison nurse assesses inpatients at the Cardiff Poisons Unit at University Hospital Llandough.

Psychiatric liaison nurses assess patients presenting to the Emergency Unit.

**Referral**

Inpatients are referred via a specific Liaison Psychiatry referral form available on all wards within the hospitals covered.

Physicians are also able to refer patients who are not already under the care of a psychiatrist in the community as outpatients.

G.P. referrals are taken for patients who present with mental health difficulties related to medical problems, where these medical problems have been fully investigated.

A second opinion service is provided to Community Mental Health Teams to help with management of patients whose mental health difficulties are being exacerbated by chronic physical difficulties.

A cognitive-behavioural psychotherapist sees patients who have been assessed and referred by the Consultant Liaison Psychiatrist and SHO, but is unable to take referrals directly.

**More Information**

More detailed information, including the inpatient referral form, is available on the Board’s website.

Low Secure and Community Forensic Services

The Low Secure and Community Forensic Service, inclusive of a Court Assessment Scheme, Prison Inreach/Outreach Service and a Mental Health Probation Worker, is based at Whitchurch Hospital, Cardiff. These are multi-professional teams, including Social Workers, that provide specialist mental health assessment, treatment and support to mentally disordered offenders and those at risk of offending in Cardiff and the Vale of Glamorgan, some of whom may be subject to Home Office Restriction.

These services are an integral part of the Mental Health Division of Cardiff & Vale UHB Low Secure Services which consists of inpatient, outpatient and community services which provide assessment and treatment, either directly or through supporting other professionals and agencies.

The Teams operate under the principles of Home Office Circulars 66/90, 125/95, and the National Assembly Adult Mental Health Strategy (AMHS Aim 4), to ensure close co-operation between agencies and to ensure effective commissioning of services.

Mission Statement
The Low Secure and Community Forensic Services aim to provide a comprehensive service provision at a low secure level and a seamless service to offenders and others at risk of offending from the Cardiff and Vale area. This will be a joint working initiative in conjunction with other agencies and service providers through the UK, at all levels of security.

Service Philosophy
In line with the Adult Mental Health Strategy for Wales (AMHS) the philosophy of these services is to provide effective, evidenced based care (AMHS 6.1.) to the service population, the emphasis being on care and treatment based on flexible, needs led, supportive services for users, carers/relatives and appropriate statutory and voluntary agencies. The Low Secure and Community Forensic Services also strive to maximize service users’ ability to function safely within the community without offending using the rehab and recovery model.

Aims of the Service
• To integrate and/or maintain clients in the community at the earliest appropriate point, with sufficient support, treatment and supervision to minimize the risk of premature readmission via robust risk assessment and management plans with other criminal justice agencies.
• To provide a comprehensive level of, assessment, treatment, support and monitoring of the clients medical, psychological and social needs. (AMHS aim 7)
• To collaborate and work effectively with clients, their families and other agencies to reduce any known risks associated with offending and recidivism.
• To provide ongoing assessment and monitoring with respect to identified risk,
specifically risk and dangerousness, to include public safety. (AMHS 4.5)

• To provide a comprehensive, supportive community service to the low secure inpatient facility based at Whitchurch Hospital.

Mother & Baby Unit

A three bedded unit that allows mothers requiring admission to hospital to stay with their babies while they undergo treatment for a range of mental illnesses. Maintaining contact between mother and baby is critical to the wellbeing of both as it not only aids the recovery process but enables the special bond between mother and baby to continue thus helping strengthen future relationships.

The unit is staffed by experienced health professionals including psychiatrist, mental health nurses, nursery nurses, nursing assistants and liaison health visitor.

Ladies in the late stages of pregnancy can be admitted.

The unit includes the following facilities:
- All bedrooms have en-suite facilities
- Sitting room
- Milk kitchen
- Kitchen
- Laundry room
- Enclosed garden
- Nursery

Referral
This is the Welsh Regional Unit and accepts referrals from all of Wales, Health Commission Wales offers funding for mothers outside of Cardiff and Vale University Health Board. Referrals are accepted from primary and secondary care. The Consultant is Dr Sue Smith. Referrals from outside of Wales will be considered.

Cardiff and Eastern Vale
Psychologists work in all the Mental Health Directorates of the Mental Health Services within Cardiff & Vale UHB. They provide specialist psychological assessment, advice and therapy for a wide range of mental health problems.

They are based with the multi-disciplinary teams including Community Mental Health Teams, teams for older adults and specialist services. They are part of services covering the whole age range.

Access to this service is through the multidisciplinary teams. If you are not sure how to contact the right service you can contact the Psychology Department, Cardiff & Vale UHB.

Western Vale
Psychology Services are an integral component of the CMHT in the Western Vale. See page 44.
This outpatient service is based at the University Hospital of Wales and provides clinics there, and in Penarth for Cardiff and the Eastern Vale of Glamorgan. It provides an assessment and treatment service for individuals who are thought to be suffering from post traumatic stress disorder. It offers evidence based treatment including trauma focussed cognitive behaviour therapy, eye movement desensitisation and reprocessing and medication.

Referral
Referrals are accepted from local G.P.’s and secondary care professionals.

Mental Health Services for Older People
Cardiff and Eastern Vale of Glamorgan

This service is for people of any age suffering from dementia (such as Alzheimer’s) or for older people who develop other forms of mental illness late in life (normally 65 years of age upwards). Assessing the needs of carers and supporting them in their caring role is a vital part of the work.

Mental Health Services for Older People in Cardiff & the Eastern Vale of Glamorgan are provided by:
• Cardiff County Council
• Vale of Glamorgan Council
• Cardiff & Vale UHB

The services provided are listed below, and include the following:
• Community Teams
• Day Hospitals
• Inpatient Services
• Practice Development Unit

Community Teams

Organisation
There are 3 community teams serving the Cardiff area, and 1 serving the Eastern Vale. The teams are the main point of access for assessment, treatment and referral to specialist support services. The teams are multi-agency and multi-disciplinary, with Health staff employed by Cardiff & Vale University Health Board and Social Work staff employed by Cardiff and the Vale Local Authorities.

Services
The Community Teams provide a comprehensive assessment of an individual’s needs, draw up a Care Plan together with the client and carer and then ensure that the plan is implemented and monitored.

A Care Package, made up from a range of appropriate statutory, voluntary and private care providers is then drawn up by the client’s Case Manager. The client and their carer(s) are fully involved in this process.

Referral
Anyone can refer to the community teams, by writing, telephoning or visiting.
G.P.’s can refer to a Consultant in Older Age Psychiatry via the appropriate team.

Teams are open from 8.30am – 5pm Monday to Thursday, 8.30am – 4.30pm Friday.

STATUTORY SERVICES:
ADULT MENTAL HEALTH FOR OLDER PEOPLE
Day Hospitals

Organisation
There are 2 day hospitals serving the Cardiff area, and 1 day Hospital serving the Eastern Vale area.

Services
The day hospitals provide a service 5 days per week (Mon – Fri), and ambulance transport is available for all users of the service. The day Hospitals provide assessment, treatment and social activity programmes geared to the needs of each individual, delivered by a range of specialist medical, nursing and therapy staff.

The Day Hospital in Cardiff will be providing an intensive, time limited, multi disciplinary assessment and treatment. At the end of this assessment period and following consultation with the person and if appropriate their carers, and using the Care Programme Approach, a plan for future care will be agreed. If a need for Day Services is identified, access to these services would be arranged.

A functional illness assessment service is provided at Whitchurch Hospital and Barry Hospital, for those people over 65 who develop a late onset mental health problem.

Referral
Day hospital attendance is arranged by the individual's Case Manager, in conjunction with the appropriate Consultant in Old-age Psychiatry.

In-Patient Services

Organisation
In-patient services for older people with mental health problems are provided by Cardiff and Vale University Health Board. Services are spread over 4 sites: Whitchurch Hospital, St. David’s Hospital, Barry Hospital and at Iorwerth Jones Unit.

Services
Assessment and treatment facilities for people with dementia or suspected dementia are provided in Whitchurch Hospital and Barry Hospital. Extended Psychiatric Assessment services are provided in Barry Hospital, Iorwerth Jones Unit and St. David’s Hospital.

A functional illness assessment service is provided at Whitchurch Hospital and Barry Hospital, for those people over 65 who develop a late onset mental health problem.

Respite care services are available to provide planned breaks for carers under severe stress from the burdens associated with caring. This is a limited resource that is allocated according to need. Respite care is also available within private residential and nursing homes – contact local Social Services for advice.

Referral
All referrals are made to the appropriate consultant in Old Age Psychiatry, or, in an emergency, via the out of hours mental health system contactable at Whitchurch Hospital.

Contact
Barry Hospital, Colcott Road,
Barry CF62 8YH
Tel: 01446 704000

Memory Team
(This service is provided by the Medicine and Rehabilitation Directorate)

Services
The Memory Team is a multi-professional team specialising in the early identification and assessment of people with memory problems. Full medical, nursing and psychological assessment leads to appropriate diagnosis, support, and regular clinic follow-up. Referral to other services is made to ensure the most appropriate longer term support is secured for clients and their carers.

Referral
Referrals to the Memory Team are generally via an individual’s General Practitioner, but the team will discuss referrals from any source in the first instance.

Contact
Cardiff Memory Team, Academic Centre,
Llandough Hospital, Penarth CF64 2XX
Tel: 029 2071 6961

Practice Development Unit

Organisation
The Practice Development Unit is part of the Mental Health Services for Older People Directorate of Cardiff and Vale University Health Board. The Unit supports the development of mental health services for older people in Cardiff and the Eastern Vale.

Services
The Unit is multi-disciplinary, supporting high quality care for the client group and their carers. The Unit’s role includes
service evaluation, planning, research, development, specialist training and consultancy work. The Unit produces a journal – “Signpost – Journal of Dementia and Mental Health Care of Older People”.

The Unit maintains a resource of therapeutic materials and a book library, and is also the South Wales element of Dementia Services Development Centre – Wales. The Dementia Centres have a UK wide network for the sharing of information and co-ordination of services. The Unit runs regular training courses including FOCUS – a six day training course developed specifically for unqualified staff working with older people with mental health needs.

2.4 Child & Adolescent Mental Health Services

- Community Service – Cardiff
- Community Service – Vale of Glamorgan
- Tier 4 Specialist Services – Inpatient, Intensive Outreach, Specialist Outpatient
Community Service – Cardiff

Aims & Objectives
The Service aims to provide a range of interventions for children and young people and their families experiencing psychiatric and emotional difficulties. The team offers help at the secondary and tertiary level of referral with mental health disorder, ie those problems in children, adolescents and their families which cannot be resolved solely with the help of primary services.

Services
The service is multi-disciplinary and consists of Child Psychiatrists, Family Therapists, Child Psychologists and a Psychotherapist.

The types of referral range from young people with serious mental illness, to those who are experiencing loss and disruptions in significant family relationships. Currently the service is provided to children and young people aged 0–16 years, or those in full time education up to the age of 17.

The development of links with the young person’s family and environment are very important elements in the work. A range of interventions are provided including individual, family and group run sessions and consultations with referring professionals.

The number of specific services provided by CAMHS includes the Drug and Alcohol Misuse Service. The service also provides support to primary care professionals working with children and families through our primary mental health team. If you would like more information please contact Paul Mason or Debbie Savery.

Referral
Most referrals are made via a G.P., but referrals will also be accepted from Social Workers, Educational Psychologists, Paediatricians, Health Visitors and Voluntary Agencies. Emergency referrals will only be accepted from G.P.’s. The out of hours on call service can be accessed via UHW switchboard 029 2074 7747.

Community Service – Vale of Glamorgan

Aims & Objectives
The Vale Specialist CAMHS Team is an integrated multi-disciplinary child mental health service clinically led by a Child Psychiatrist. The Team comprises of an Educational Psychologist, Community Psychiatric Nurses, Child Psychiatrist, and other medical staff, Clinical Nurse Specialist, Child Psychologist and Specialist Social Workers.
The Team offers help at the secondary and tertiary level of referral with mental health disorder, i.e. those problems in children, adolescents and their families which cannot be resolved solely with the help of primary services.

**Services**
CAMHS aims to deliver services within the context of the racial, cultural and religious background of the family.

The types of referral range from young people with serious mental illness to those who are experiencing significant loss and disruptions in family relationships. Currently the service is provided for children and young people aged 0-16yrs or those in full-time education up to the age of 17.

The development of links with the young persons family and environment are very important elements in the work. A range of interventions are provided, including individual, family and group sessions and consultations with referring professionals.

There are a number of specific services provided by CAMHS including the Drug and Alcohol Misuse Service.

**Referral**
Most referrals are made via G.P., but referrals will also be accepted from Social Workers, Educational Psychologists, Paediatricians, Health Visitors and Voluntary Agencies.

The out of hours on call service can be accessed via the Whitchurch Hospital Switchboard, 029 2069 3191.

**Contact**
Dr. Anna Goel, Consultant in Child and Adolescent Psychiatry, Children’s Centre, Llandough Hospital, Penarth
Tel: 029 2071 5593

**Tier 4 Specialist Services – Inpatient, Intensive Outreach, Specialist Outpatient**

**Aims & Objectives**
The service aims to help young people and families who are experiencing complex psychological or emotional and behavioural difficulties in the context of a mental disorder.

**The Service**
The Tier 4 Specialist Services are provided by Cwm Taf Health Board. These services, through a whole systems approach, offer integrated acute and crisis service provision.

The service is provided for children and young people from 12 years of age and above (11 year olds will be considered if they are in secondary education and sufficiently mature to benefit from the regime). The upper age is 16 years (31st August in their 16th year). In addition, we will see young people up to their 18th birthday if they are still in school (this definition of school does not include college).

Referrals are accepted from across South, Mid and West Wales (including Cardiff and the Vale of Glamorgan). Most referrals are planned in advance—are
assessed within 2 weeks and admitted within a further 2 weeks. Emergency referrals take priority and a young person will be seen within 12 hours and admitted within a further 24 hours.

The service has the capacity to admit 11 general admission and 3 emergency admission patients.

Liaison with the young person’s family and environment are key elements in the care and treatment package. Treatment includes medication, group work, education, family and individual therapy. The unit is staffed by a multi-disciplinary team.

Referral

Referrals may be accepted for young people who are presenting with a range of clinical conditions including depression, anorexia nervosa, psychosis and obsessive compulsive disorder. Referrals may also be made where a detailed assessment is required for a young person on an inpatient basis.

Referrals are made by a community based Child and Adolescent Consultant Psychiatrist.

The Key Function of Community Health Councils (CHCs) is to represent the interests of the public in the health service in their district i.e. to give people an independent voice in their local NHS and the service it provides.

Your local Community Health Council will:
- Represent the views of the public within the NHS, ensuring that local health care needs are recognised, and will also raise public awareness of NHS issues
- Monitor and evaluate from a patient’s viewpoint the effectiveness of NHS services provided by, for example, hospitals, G.P.s, dentists, pharmacies and care homes
- Provide independent help and advice to individuals who have problems with, or complaints about, NHS services
- Act as a voice for its community on the standards and appropriateness of local health services, having consulted local people and gathered public views
- Ensure that local views and needs influence the policies and plans of LHB and Trusts—so comments are always welcome
- Provide public opinion on consultation documents from the Welsh Assembly Government, NHS Wales and other organisations
- Monitor the quality of local NHS services from the patients’ point of view. This will involve visiting hospitals and other health care premises where NHS care is provided
- Work with other agencies to improve services and seek to bring about changes where necessary
- Provide information and advice to the public on health matters

Statutory Rights and Duties of CHCs
CHCs have a Statutory Right to:
- Receive information from the Local Health Boards and NHS Trusts
- Be consulted on proposals for any change in health services in their district
- Enter and inspect certain NHS premises in their district, including those of G.P.’s, dentists, hospitals, pharmacies and care homes providing NHS care
- Attend meetings of Health Boards and NHS Trusts
- To meet formally at least annually with Health Boards in their area

CHCs have a Statutory Duty to:
- Meet in public at least once every three months
- Publish an annual report on their performance

CHCs are often invited to attend and contribute to a wide range of meetings organised by Trusts, Local Authorities, Voluntary and NHS organisations. CHCs also invite local representatives of these same organisations to attend and address their meetings on a regular basis. As well as informal meetings, CHCs have a formal annual meeting with every Health Board in its area.

CHC Advocacy Service
The CHC has a small team of staff who provide a complaints and information
service to the public – CHC Advocacy Service.

Membership
CHCs are open to all sections of the community as their membership is made up of voluntary members appointed by the Welsh Assembly Government, Local Authority and Voluntary Sector.

If you are interested in becoming a CHC member and would like further information, please contact the Chief Officer of your local CHC whose telephone number can be found on the next page.

Referral
Any individual or organization can refer, by e-mail, in writing, by phone or in person.

Board of CHCs in Wales
Tel: 0845 644 7814

This is the National body for all CHCs in Wales, it:
• Ensures consistent core roles and standards for all CHCs and assists or advises CHCs on how to achieve them.
• Increases public awareness of issues and concerns affecting the NHS.
• Increases public awareness of the Board and CHCs collectively.
• Develops a common agenda with CHCs.
• Promotes collaborative working between CHCs. Keeps CHCs informed of national developments.
• Supports individual CHCs in relation to matters of national importance or concern where appropriate.
• Represents the collective views and interests of CHCs to the National Assembly for Wales, UK Parliament, the NHS and other bodies.
South Wales Police – Mental Health Unit

Heddlu De Cymru South Wales
Police Area:
Cardiff, Vale of Glamorgan, Merthyr, Rhondda Cynon Taf, Neath, Port Talbot, Bridgend, Swansea

S. Wales Police Mental Health Liaison Officer
Peter Thomas covers the South Wales Police area and has primary responsibility for liaison between partners who deal with mental health matters. The Police’s role in mental health issues usually stems from dealing with persons under sections 135/136 of the Mental Health Act 1983. Professional and effective involvement ensures that the person can access safety and care at a time when they are vulnerable.

South Wales Police is an agency which will use referral processes when dealing with mental health matters.

Appropriate Adult Service – South Wales
Police are working in partnership with Hafal to deliver an Appropriate Adult Service to vulnerable adults at Cardiff Bay Custody Suite.

3. Voluntary Sector Services

- A – Z of services covering Cardiff and the Vale of Glamorgan
**Summary of Aims & Objectives**

- To promote the recovery of people experiencing mental health difficulties so that individuals can lead fulfilling lives within the community.
- To provide a safe, warm, welcoming space with access to opportunities for social contact and peer support, emotional support, information and vocational support.
- To redress the social exclusion and disempowerment often faced by people living in Cardiff and the Vale who are experiencing/have experienced mental health difficulties.
- To enable users of the centre to become involved in its running and future development.

**Services**

The 4Winds is an open access, user-led mental health resource providing a welcoming meeting place, services and information on mental health issues. It provides a range of services including opportunities for social contact and peer support, emotional support, information and vocational support. It operates a seven-day week service which includes out of hours provision and bank holidays (including Christmas Day).

Opening times are: Monday 1pm – 5pm (then supported social group at Chapter Arts Centre Café from 5.30pm – 7.30pm), Tuesday 2pm – 7.30pm, Wednesday 1pm – 5pm (Women Only), Thursday 2pm – 7.30pm, Friday 1pm – 5pm, Saturday 1pm – 5pm, Sunday 1pm – 5pm

Resources available – regular training opportunities, information sessions and groups take place, computer room with Internet access, kitchen with access to cooking facilities, dining area, resource room including small library of books for loan, meetings room and communal sitting rooms.

Access is limited in the ground floor area. Unfortunately there is not a lift on the premises. Languages: English, Hindi, Gujarati

**Referral**

No referral necessary, just pop in during opening hours, or ring for more information.

ABCD Cymru
Wales

Registered Charity No: 1124378

Summary of Aims & Objectives
ABCD – improving access to services for black and minority ethnic children and young people with disabilities and/or chronic illnesses.

ABCD Cymru has adopted the following as its objectives:
• Initiate, develop, maintain and facilitate Parents’ Support Groups
• Empower families to have direct influence on local policies and services
• Help voluntary agencies to be more responsive to black and minority ethnic communities and to encourage existing agencies to act as advocates for this client group
• Raise the level of awareness and knowledge of service providers in the statutory sector
• Raise the level of awareness of managers and policy makers in health and social services enabling them to offer services and work effectively with this group

Services
ABCD Cymru offers:
• Facilitation of Parents’ Groups and group activities, e.g. excursions, arts and crafts, play and sports
• Direct one to one casework is provided by our Development Workers
• Information resource of available services
• Advocacy focused on the child or young person with disability/chronic illness
• Referral to appropriate agencies, at the request of families
• The empowerment and encouragement of parents to participate in the management of ABCD Cymru and be actively involved in relevant local and national organisations
• Offer training and consultancy to service providers on increasing the accessibility and acceptability of health and social care services

Referral
G.P.’s, Health Professionals, School staff, Social Services, via website, self-referral.

Age Concern – Ageing Well Service
Cardiff and Vale of Glamorgan

Local Charity

Aims & Objectives
Age Concern’s Ageing Well programme is a collection of projects and services that encourages older people to lead healthy lifestyles.

Services
Free Magazine Life Times
Life Times is currently distributed 3 times per year.

Senior Health Shop (Barry)
The Shop is a drop in centre providing a healthy eating snack bar and a friendly environment where older people can access a variety of information and activities.

Healthy Wealthy & Wise
In 2 community venues (Caerau and Llanrumney) a programme of events is provided, aimed at improving the quality of life of participants through a wide range of activities.

Activity in Care Homes
This project recruits and trains volunteers to provide activities, we also provide training and resources to staff working as activity leaders in Care Homes. The Increasing Activities e-zine is a monthly e-mailed resource of therapeutic activity ideas suitable for use in a variety of care settings.

Directory of Activities for the 50 plus in Cardiff and the Vale of Glamorgan
Visit: www.age-concern-cardiff.org.uk/db/webdirectory/webdir.htm

Older persons Eisteddfod
Held annually, the Eisteddfod helps challenge negative stereotypes of ageing by providing a more positive image of older people. To find out more contact Gloria Yates, see contact details below.

Information and Support
At all our venues across Cardiff and the Vale we aim to provide accurate information and help older people make informed decisions on issues regarding their health and wellbeing.

Speaker’s List
We now have a list of speakers that we are able to share with other older people groups.
Nail Cutting
Thanks to a grant from Cardiff’s Local Public Health Team, Age Concern Cardiff and the Vale are developing nail cutting services (in consultation with Cardiff and the Vale UHB and The Society of Chiropodists and Podiatrists). Nail Cutting Surgeries – we are providing regular surgeries on Thursday’s in Ely, Canton and Barry.

This is a simple nail-cutting service We are unable to provide help for:
Foot care problems such as corns or bunions; anyone with a medical condition such as kidney failure, blood circulation problems, a history of ulceration or being treated with steroids; anyone with diabetes or taking warfarin unless they have been assessed by the G.P. practice as being low risk.

Referral
Anyone over 50 can access our services.

Alcoholics Anonymous GB
All of Britain and the World

Self-help, Voluntary Sector, Local and National

Summary of Aims and Objectives
Alcoholics Anonymous is a fellowship of men and women who share their experiences, strength and hope with each other so that they may solve their common problem and help others to recover from alcoholism. There are no dues or fees for AA membership—we are self-supporting through our own contributions. AA is not allied with any sect, denomination, politics or organisation, does not wish to engage in any controversy, neither endorses nor opposes any causes. Our primary purpose is to stay sober and help others to achieve sobriety.

The only requirement for membership is a desire to stop drinking.

Services
• Some literature is produced in Braille
• Some meeting venues have wheelchair access
• Some meetings are non-smoking or women only
• AA welcomes people of all ages and both sexes
• As AA exists just about all over the world, almost all languages are spoken
• Cities have much more AA than the rural community because there are more people in cities. The AA is well established in Barry, Penarth and Cardiff. Phone the national helpline number below for details of meetings.

Referral
Self-referral or other. Prospective AA members could just turn up at a meeting, but it’s more usual for telephone contact to be made first, when a newcomer can talk with and question an AA member, and sometimes then (if necessary) be taken along to a meeting.

Summary of Aims & Objectives
Awetu strives to support all black and minority ethnic people confronted by mental illness, through the delivery of its own services and by influencing the services provided by others in order that they are effective and sensitive to the needs of their users.

Aim
To offer support to help those isolated by their illness re-build their lives within their communities of origin, adopting an holistic approach, promoting recovery and independence by empowerment and self-discovery.

Services
At present Awetu provides home visits to those clients that need emotional and practical support in the home, e.g. tenancy issues, accompanying clients on hospital visits, assistance with form filling etc., to enable clients to sustain independent lives by increasing their confidence and self-esteem and supporting them to pursue interests which will improve their health, well-being and independence.

Awetu visit individuals who have been re-admitted to hospital and have formed relationships with the major psychiatric hospitals and clinics in Cardiff; Awetu staff make regular ward rounds to assess the needs of BME patients, to build a relationship with people before they are discharged and to act as a resource regarding cultural issues for the staff and also provides BME Mental Health Awareness Raising Sessions for professionals and Mental Health promotion to BME community groups.

Free Person Centred Counselling to Awetu clients.

Awetu has carried out and published research into the mental health needs and access to services for BME people living in Cardiff – BE4 Research Project.

Referral
People can access our services through a formal referral process by GP, Social Worker, CPN or Psychiatrist. If a friend or family member does refer a person to Awetu we would still need to have background details of the client via a referral form.

Summary of Aims & Objectives
To help young people acquire the skills, knowledge and awareness necessary to live more independently in the community.

Services

Cardiff Housing
Support Service for Single Young People
Supported housing and floating support for vulnerable young people aged 16–21 focusing on helping young people gain the necessary skills, knowledge and awareness to live more independently in their communities, with particular services for black and minority ethnic young people and black and minority ethnic young women fleeing domestic violence.

Young Families Service
Provides housing and support for vulnerable young families where the primary carer is aged 16–21 years focusing on helping young people gain the necessary skills, knowledge and awareness to live more independently in their communities. Referrals have to be made through Cardiff Social Services.

Youth Homelessness Prevention S.180 Work.
Working in partnership with Cardiff Women’s Aid the aim of the project is to deliver homelessness and domestic violence information to young people in secondary schools and youth services across Cardiff.

Support for Young Parents
Support Service for Young Parents
Young parents under the age of 17 are able to participate in a 10 week course which will help them acquire the knowledge and skills necessary to negotiate their way as young parents in the adult world. School age parents are offered a longer programme which can last until their formal school leaving age.

Young Dads Project
Young dads under the age of 19 are able to participate in a 10 week course which will help them acquire the knowledge and skills necessary to negotiate their way as young parents in the adult world.

Cardiff and the Vale of Glamorgan Caterpillar Project
The service promotes awareness of the stigma and lack of provision for young people
experiencing mental ill health.

Young people aged 12–19 who are experiencing or are likely to experience mental health crisis can access individual and group work.

**Bounceback**

Service based in three defined schools.

Supports emotionally vulnerable young people aged 15+ to develop coping skills and emotional resilience and to successfully negotiate year 11 and make the transition from school to further education, employment and independence.

**School Based Counselling Service**

The Marlborough Road Partnership provides a school based counselling service in 9 secondary schools. This service is set to be substantially expanded in 2010.

All services can be accessed by telephone during office hours 9am – 5pm. Please contact the Project for accessibility details.

---

**Referral**

Referrals from any agency, also self-referrals. Most services are for 16–21 year olds. There are some specific criteria for all services, but please contact the Project for information.

Self Help Group – Charity No. 801343

Aims & Objectives

- Support and encouragement for those experiencing an eating disorder and an opportunity to share personal experiences and coping strategies with others
- Information and Education on the effects of eating disorders to the group, professionals and the general public
- A chance to share information, experience and perceptions with fellow sufferers in a pro-recovery manner without discussions of weights or calorific figures
- A confidential and safe place to talk and respect those who do not wish to talk

Services

beat is the leading national charity dedicated to ‘beating Eating Disorders’, and providing support in the form of information, campaigning for better services and training facilitators to run self help groups. These groups are a way of supporting people in their locality.

Weekly self-help group held at the Student Health Centre, Park Place, Cardiff (next to students union), 6.15pm – 7.45pm, the first and third Mondays of each month unless stated otherwise on the website.

Please check the website prior to attending as dates and times are subject to change. People from outside the Cardiff area are welcome to attend.

Referral

Anyone can suggest or refer to the group that we run.

Or, if individuals find out about the group themselves they are more than welcome to simply come along, and they don’t need to let us know in advance.

Aims & Objectives
The British Red Cross aims to provide a range of Community Services to assist vulnerable people in crisis.

Services
The British Red Cross Day Care Service on Barry Island works with the Vale of Glamorgan Social Services to provide weekday care facilities for EMI and Elderly service users throughout the Vale of Glamorgan. Private day care places are available and also through the year a number of Carers Respite Breaks sessions are held on weekends.

The British Red Cross Western Vale Day Care Service in St Athan has a formal partnership with the Vale of Glamorgan Social Services to provide weekday care facilities for EMI and Elderly service users throughout the Western Vale of Glamorgan.

Referral
- People can access services via referral from varying sources
- Barry Island – through Social Workers, Health Professionals or by self-referral
- St Athan – through Social Workers

Voluntary Sector

Summary of Aims & Objectives
The service provides support to 20 tenants who are vulnerable and may find it difficult to maintain a tenancy. Their tenancies may also be at risk and therefore support is also provided to prevent homelessness.

The type of services provided will depend on a person’s needs. They will all be provided within the context of the Service Aims set out in the Supporting People Service Specifications and will be geared to supporting service users to maintain their tenancies and to lead happier, more fulfilled and settled lives.

Services
• Opening hours 9am – 5pm, Monday – Friday
• Client group – tenants with support needs including mental health, drugs and alcohol as well as other groups
• Availability – via referral (self or agency) and needs assessment
• Languages – we are members of The Big Word which gives access to most languages.
• Accessibility – wheelchair access, hearing induction loop at Cadwyn’s offices.

Summary of Aims and Objectives
We campaign on a local and national level to make a positive difference to the daily lives of disabled people.

Services
CVCDP advise a range of statutory, private and voluntary sector organisations on disability equality issues, encouraging them to adopt a Social Model approach to their work. CVCDP Advocacy Service has been available to disabled people since 2007.

We facilitate Direct Payments for Cardiff Council. The Direct Payments Team provides information, support and training to disabled people who wish to employ people to provide their personal support. Clients supported are referred from Mental Health Impairment, Older People, Older People Mental Health, Children’s Services and Learning Difficulties Social Work Teams.

CVCDP offer advice and signposting to disabled people in the Cardiff and Vale of Glamorgan areas and also supports disabled in South East Wales, Welsh Valleys, Mid Wales and West Wales. We campaign/work with service providers to help to ensure that they deliver the services we have a right to.

We have established and now successfully run CVCDP’s Youth Forum where young disabled people have the opportunity to consult with their peers to discuss and act upon issues relevant to them.

Membership of CVCDP is free. Application forms available from the office or in the CVCDP Newsletter.

Cardiff & Vale Crossroads – ‘LEAN ON ME’
Mental Health Project
Cardiff and Vale of Glamorgan

Funded by the Special Carers Grant for Wales 2004-05
Voluntary Sector – Charity No. 513673

Aims & Objectives
The ‘Lean On Me’ Project provides Carer’s who are looking after a relative or a friend, a break from their caring role, whilst a professional support worker supports the cared for person. The project offers support to the cared for person by introducing them to additional health, social care and well being activities which are chosen by the individual.

Services
• ‘LEAN ON ME’ 9am – 6pm Monday – Friday
• Client Group 16–65 years – equal opportunities access
• Community Based Support

Referral
All referrals must undertake a Carers Assessment from their local CMHT in order to access the Respite Service. The CMHT will liaise with Crossroads ‘Lean On Me’ Project regarding services required.

Contact

N.B. – Cardiff & Vale Crossroads also provide Carer centred services to:
• Children and adolescents
• Parent Carers
• Young Carers
• Elderly & Frail Persons
• Persons enduring Terminal Illness
• Adults and Children with Disabilities
• Adults enduring Mental Illness
• Adults and Children with Learning Disabilities
• BME Community/Multicultural

For further information or advice please contact Claire.
Cardiff Concern Christian Counselling
Cardiff and Vale of Glamorgan

Counselling Service (voluntary/local) – Charity No. 1007504

Summary of Aims & Objectives
Cardiff Concern is a faith based counselling service that has been in operation since 1990. Counselling is offered to all sections of the community and to those of all faiths or none.

Services
- Counselling for a range of issues including: Marriage/relationship difficulties, abuse of all kinds, eating disorders, depression, anxiety, bereavement, addiction.
- Appointment system 9am – 9pm
- Client group – everyone over 16
- Regal House not suitable for wheelchair access but alternative premises can be arranged on request

Referral
By telephone – personal referral only but agency can recommend. No fixed charge.

Contact
The Counselling Co-ordinator, Cardiff Concern, Regal House, Gelligaer Lane, Cathays CF14 3JS
Tel: 029 2066 4410
Mission Statement and Aims
Cardiff Mind promotes positive mental wellbeing through empowering and supporting people to access opportunities to give them independence and quality of life.

Aims
- To provide services that place the consumer at their centre and that enable the consumer to discover and realise their full potential as actively participating citizens
- To develop new services that enable the consumer to remain within or return to their local community of choice
- To provide high quality services that evidence positive outcomes and value for money
- To increase awareness and understanding of mental health issues and to challenge stigma and discrimination

Services
Day Services
Individualised personal planning in which an experienced member of staff discusses the issues that are affecting the service user and looks at ways that they can be supported to make improvements in their situation. This might include attending a range of groups, courses and activities for men and women who have or are recovering from mental health difficulties. These include self management courses, leisure and recreational activities and a gardening project which has links to Greenscape, a horticultural social firm established by service users.

“Mind the Pennies” – This service provides support to service users experiencing debt and benefit difficulties. This not only includes advice but also can provide someone to accompany service users to Tribunals and similar meetings. The Project has been funded by the Big Lottery.

Counselling Services
Counselling services are accessed via an initial meeting with a member of the planning team who will help the person to discuss their suitability for Counselling. This may be part of a more comprehensive plan dealing with other life issues. The service offers Person Centred Counselling and a limited Cognitive Behavioural Therapy (CBT) service. There is a waiting list for these services. A Directory of counsellors and therapists in private practice (Blue List) is published every two years.

Domiciliary Support
Support for individuals and families who have experienced mental health difficulties.
Support focuses on helping people to maintain tenancies and live successfully in the community. This is primarily accessible through Social Services.

**Tenant Support Direct**
This scheme is only for Cardiff Community Housing Association tenants, offers support to maintain individual tenancies and is specifically housing related.

**Supported Accommodation Services**
Accommodation in shared houses and flats for men and women who have enduring mental health needs and wish to progress to more independent living. This is not 24 hour staffed but includes emergency out of hours support.

**Training**
We offer Mental Health First Aid training and a range of other related programmes, some of which can be tailored to the needs of individual agencies and groups.

**Volunteering**
Many of our groups and activities are provided by Volunteers and we welcome anyone who feels that they have skills or interests that they may wish to share with our service users.

For more information on these services telephone us on the number below.

---

**Referral**
Self-referral only for counselling service; self or agency referral for other services.

Cardiff Vales & Valleys Institute of Blind People
Cardiff, Vale, Rhondda Cynon Taff, Merthyr, Swansea, Neath & Port Talbot

Part of RNIB Group
Local Independent Voluntary Organisation – Charity No. 214131

Summary of Aims & Objectives
Cardiff Vales and Valleys (CVV) provides direct services to blind and partially sighted people within the counties of Cardiff, Vale of Glamorgan, Rhondda Cynon Taff, Merthyr, Swansea, Neath and Port Talbot enabling them to live fulfilling and independent lives.

Services
• Information & Advice
• Home Visiting Service
• Hospital Support Service
• Computer Training
• Resource Centre
• Clubs & Support Groups
• Befriending
• Volunteer Transport
• Contact Line
• Volunteering Opportunities
• Hours of opening: Monday – Thursday 9am – 4.30pm, Friday 9am – 3.30pm

All the above are accessible to any person with a visual impairment, regardless of registration, living within our catchment area. Services are available in accessible formats and bi-lingually. We do not specifically provide mental health services, but we adhere to our equal opportunities programme and have in the past worked closely with the rehabilitation team based at Whitchurch Hospital. Volunteers do not have to be visually impaired.

Referral
Self-referrals and referrals from other professionals and organisations, both voluntary and statutory.

**Cardiff Women's Safety Unit**
Cardiff

Charity No. 1071243

**Summary of Aims and Objectives**
Cardiff Women's Safety Unit aims to increase the safety of victims of domestic abuse and their children, keeping them if possible in their own homes.

**Services**
The WSU provides an Independent Domestic and Sexual Violence Advisory (IDSVA), Service for female victims of domestic/sexual violence in relation to both intimate/ex-intimate partner abuse.

The IDSVA service will prioritise high risk victims of domestic/sexual abuse. A risk assessment will be carried out by the IDSVA who will then use the information gathered to provide an appropriate service and safety measures to reduce the risk of harm and increase victim safety. This will involve working within a multi-agency framework and accessing services from other key statutory/non-statutory agencies, such as Criminal Justice Agencies, Health and Social Services. This also includes other services within Safer Wales.

**Referral**
Both clients and agencies can contact the WSU on the number below. However, if a victim is in imminent danger then you should ring 999.

Care & Repair Cardiff
Cardiff

Charitable organisation

Summary of Aims & Objectives
Care & Repair Cardiff exists to help older people to repair, adapt and maintain their homes thereby enabling them to live as independently as possible with increased safety, security, warmth and comfort.

Services
The core Casework Service is the focal point of the Agency and forms the nucleus from which the Agency operates its business. The service helps people complete repairs, improvements and adaptations to their properties, through the provision of expert advice, support and practical assistance in the form of a co-ordinated, holistic, client centred, problem-led casework and technical service. The work undertaken by the Agency can range from very small items such as the repairing of a small water leak, the installation of handrails or new locks through to major jobs such as bathroom conversions or replacing a roof. The services provided by the Agency’s Caseworkers are citizen-centred and as such, are tailored according to the client’s needs. The Caseworkers will listen to what an older person wants and needs and will then put together a package with support to make it happen. This is flexible, so that if a client does not agree with anything suggested, or if their needs change, the services to them will change as well. The Agency’s Caseworker services are fully funded by the Welsh Assembly Government and as such, are free for clients.

Referral
Casework clients are older people, primarily aged 75 and over, who own their own homes or are private tenants. The full formal service, however, can and does assist people aged between 60–74 in certain circumstances (predominantly where they are living alone, receiving income support or pension credit and/or have a limiting long-term illness). Clients accessing the service should be experiencing a housing problem involving some element of repairs, maintenance, adaptations and/or improvements works.

CASIP – Cardiff Adult Self Injury Project
Cardiff

User Led Project

Aims and Objectives
Cardiff Adult Self Injury Project – CASIP – is the first user led project for adults who self injure in Cardiff. Established in March 2009, CASIP aims to support adults (18+) who self injure. At CASIP we feel strongly that the focus should remain positive whilst giving members the opportunity to reflect on their own experiences. Our group hopes to work towards dispelling the myths around self-injury and challenge the unhelpful views often held by the media, the public and even some medical professionals (which includes the idea that self-injury is something that only affects adolescents).

Services
CASIP run a support group which meet on Wednesday evenings from 7pm – 9pm in Cardiff. The group is open to both men and women who have experience of self injury. We offer a variety of activities at the group including cookery, crafts, quiz nights and evenings out as well as self help sessions such as distraction techniques and coping strategies.

Referral
New group members need to be referred through a healthcare professional or organisation and then met informally by 2 CASIP core members before joining the group. A copy of our referral form can be downloaded from our website.

Contact
CASIP, Ty Canna, 40 Market Road, Canton, Cardiff CF5 1RZ

Church Army
Cardiff and immediate surrounding areas

Voluntary Sector – Charity No. 226226 & SC040457

Summary of Aims & Objectives
• To provide safe and secure accommodation
• To provide in partnership relevant support in developing independent living skills
• To provide in partnership relevant support in accessing training or employment or re-entering education
• Exit support
• To use all models of good practice that are authentic for the young person reflecting Church Army’s ethos of ‘Sharing Faith through Words and Action’ within a multi-faith framework

Services
• 13 bed spaces – 16–21 year old male and female
• Access by interview
• 24 hour staffing
• English and Welsh spoken
• One to one support but also using any outside agency relevant to young person’s needs and choice
• Breakfast provided

www.churcharmy.org.uk/carsc
Voluntary Sector

Summary of Aims & Objectives

• To provide information and support to young people (14–25) who have experience of self-harm.
• To provide ‘safe-space’ to enable young people to explore the issues which underpin their need to self harm through group work and counselling.
• To encourage young people to value and look after themselves.
• Work with young people to help increase their levels of self-esteem and confidence.

Services

• Weekly informal group work and activity based workshops at 4 Winds, Clare Rd., Grangetown, Friday evenings 7pm – 9pm
• Counselling service based at ‘Ty Danescourt’, Plasturton Avenue Pontcanna (contact Caryl Stock for referral information)
• Regular series of Theatre Workshops
• Support Worker
• Booklet written for young people with experience of self-harm; ‘Louder than Words’ website
• Awareness raising and training programme

Limited Company, member of the National Association of Citizens Advice Bureau

Aims & Objectives

• Provide the advice people need for the problems they face
• Improve the policies and practices that affect people’s lives

We value diversity, promote equality and challenge discrimination.

During 2009/10 the service helped 2.1 million people with 7.1 million problems relating to issues including debt, benefits, employment, housing and immigration. Advisers help clients to fill in forms, write letters, negotiate with creditors, and can represent them at court or tribunal.

Services

Clients are seen through our drop-in service on a first come, first served basis. All clients receive a short assessment to see how Cardiff CAB can best help them – this may be information, directing them to another agency, or making an appointment with a CAB adviser or specialist caseworker.

• Drop-in times: Mon – Fri, 9am – 1pm

Specialist Casework

We provide casework for people on a low income and eligible for Legal Help in the following areas:

• Welfare Benefits: Benefit/tax credit appeals, social fund reviews, overpayments, right to reside
• Housing: Possession proceedings for rent/mortgage arrears, homelessness issues
• Debt: Negotiate with creditors, rent/mortgage repossession, representation at court, bankruptcy and debt relief order

Horizons for Lone Parents

The ‘Horizons’ programme at Cardiff CAB is funded by Barclaycard and aims to improve the financial capability and inclusion of lone parents. Financial capability can help people to head off potential debt problems and make them feel more in control of their money.

What Horizons offers:

• Individual appointments for lone parents with money worries
• Group workshops for parents on budgeting and debt awareness
• Workshops on financial capability for front line workers
Better Advice, Better Health
We can help with:
• Checking you’re getting all the benefits and tax credits you are entitled to, help you complete benefit & tax credit applications, appeal benefit decisions
• Advice on other problems such as housing issues, debts, employment, consumer issues etc.

Disability Benefits for Children
• Help is available for people who care for a child aged 0–18 and want some help to renew disability benefits
• We can also assist people to claim benefits like Disability Living Allowance or Carers Allowance or check that they are getting the right amount of benefit

Access
The bureau has wheelchair access and toilet facilities for people with disabilities.

Referral
People are able to access the service in the following ways:
• Attending the main bureau
• Telephone the advice line
• Attending sessions in the community [by arrangement with main bureau]

**Counselling South Wales**  
Cardiff and Vale of Glamorgan, Rhondda Cynon Taff

Non Profit making Organisation

**Aims & Objectives**
To offer affordable good quality one to one counselling to clients in Cardiff, the Vale and RCT. Working within the BACP Ethical Framework, adhering to a professional code of conduct. Offering an equal opportunities service which is client focused.

**Services**
Counselling service experienced in dealing with issues such as marriage and relationship issues, stress, anxiety, panic attacks and low self esteem. Anger management, phobias and OCD. Bereavement and loss. Physical, sexual and emotional abuse. Self harm, smoking cessation and other life changing experiences.

Sessions offered on Monday, Tuesday and Wednesday evenings. Session times 6.15pm and 7.30pm. Other evenings can be arranged by special appointment. Day sessions are also offered but are very popular so there is a waiting list for this service.

There is a charge for counselling, £15–£20 per session and concessions for unemployed, students and retired clients.

**Referral**
Referrals from G.P. practices, Community Mental Health Teams, other specialised counselling organisations, social work departments within Cardiff and the Vale.

Crossroads Care Cardiff and Vale
Cardiff & Vale of Glamorgan

Voluntary Sector – Reg Charity No. 513673

Summary of Aims & Objectives
Crossroads provide support to carers and people that they care for.

Services
Crossroads “Give us a Break” Young Carers Project
We work with young carers and young adult carers aged from 7 – 25 years old. They may be providing care to a parent, grandparent, sibling or partner, for example, who may have a physical disability or illness, a mental health problem, learning disability, or substance misuse issues.

We can provide:
• Respite care in the form of a wide range of group activities
• 1:1 support
• Information
• Support in accessing education, training and employment opportunities
• Opportunities to develop skills and coping strategies

Referral
To refer a young carer to this project, or more information, please see below.

Crossroads in the Vale (EMI) Ltd.
Caring for Carers
Vale of Glamorgan

Voluntary Sector – Reg. Charity No. 1061381

Summary of Aims & Objectives
The over-riding purpose of the organisation is to support the Carer of someone, who late in life has developed a mental illness such as dementia or severe depression, living in the Vale of Glamorgan. To meet this aim, the organisation recruits and trains Care Workers to provide respite care which may be in a domiciliary, social or day care setting. The service reduces stress in families/persons responsible for care, avoids the unnecessary admission to hospital or residential care, supplements and complements existing statutory services, and maintains a high standard of care.

Services
• Discussion with the Carer about their own needs and the needs of the person they care for
• On-going reassessment of Carer’s needs and those of the person for whom they care
• Trained Care Workers who provide emotional and practical support in a domiciliary setting to the Carer and cared-for person, covering many parts of the 24 hour day, 365 days a year, as resources permit
• Free Individual Counselling Service provided by qualified counsellors
• Carers Support & Social Groups; advice, support and information

Care for the cared-for person is also available in:
• Day Centres in Penarth, Dinas Powys
• Weekly lunch and social clubs in Penarth and Barry
• Afternoon club in Penarth and Barry

Transport is provided to and from the group activities. Care Workers are responsible for the confused or depressed individual in a friendly social atmosphere, in order to increase their self esteem and quality of life. The service is run by paid trained staff.

Referral
Easy access – a telephone call to the office from Carers themselves, friends, relatives and Health & Social Services staff

Local Mental Health Development Service – Charity No. 1081806

Aims & Objectives
Working to progress mental health services by service user, carer and voluntary sector involvement.

The core constituency of CVMHDP are the voluntary sector groups with an interest in mental health, and mental health service users and carers, living or operating in Cardiff and the Vale of Glamorgan.

As an umbrella development service, CVMHDP works with its stakeholders through networks and working groups.

Aims
• To support and facilitate networking
• To connect our constituency productively with service providers, planners and commissioners
• To provide and share relevant information
• To provide and promote relevant training
• To support the development of organisations, user and carer initiatives
• To sustain & build an effective organisation, ensuring stakeholder involvement in the running of our organisation

Services

Networks
Co-ordination of networks to provide a voice for voluntary sector groups with an interest in mental health, a place to debate, share information, promote good practice and explore options for partnership working:
• Cardiff and Vale Mental Health Forum – for voluntary sector groups with an interest in mental health
• Mental Health Forum Vale Members Sub Group
• SE Wales Regional meetings, Mental Health Action Wales
• Other Sub Groups and Working Groups as appropriate

Representation
Co-ordination of Forum representation on local strategic joint planning, Operational and Working Groups; and to national networks such as Mental Health Action Wales.

Consultation
Local and national – co-ordination of responses from the networks.

Training
Range of courses available.
CVMHDP (Cardiff & Vale Mental Health Development Project)
Cardiff and Vale of Glamorgan

Practical Services
Meeting room facilities/resources – access to publications.

Information:
• Monthly Newsletters – Network News
• Monthly Mailouts, and emailings with updates on what’s going on locally in mental health services – statutory and voluntary
• Regularly updated website
• Directory of Mental Health Services in Cardiff and the Vale of Glamorgan – available in hard copy and on website

Development support/funding advice (mental health specific)
for voluntary organisations

Mental Health Promotion
Through co-ordination, for example, of voluntary sector involvement in World Mental Health Day, mental health awareness training etc.

User and Carer Involvement Initiatives
User and Carer Involvement networks and initiatives are co-ordinated by Sefyll – the adult service user involvement development project and Nexus [formerly Older People’s Mental Health Carer & User Involvement Project] – see separate entries for full details.

www.cvmhdp.org.uk
Aims and Objectives
“Creating positive change in mental health services by involving and utilising the expertise of the people who use them and their carers”

Nexus is a project, managed by CVMHDP, set up to involve people who use older people’s mental health services (where possible) and their informal carers to have a say in the way that those services are run, planned and delivered.

Our objectives are:
• To support and facilitate opportunities for involvement
• To connect service users and carers productively with service providers, planners and commissioners
• To provide and share relevant information
• To provide and promote appropriate training
• To sustain and build an effective organisation

Services
Having a say – events, conferences and workshops are organised to bring service users, carers, and professionals together to share views and experiences in a friendly and relaxed atmosphere.

Information – is provided to share what’s going on in mental health locally and nationally through the bi-monthly carers newsletter Involvement News. This includes information about events, news and opportunities for involvement and regularly includes a section written by carers. Quarterly, a sister newsletter is available for service users called The Service Involver.

Recruitment – carers are trained to sit on interview panels alongside mental health professionals and choose who should be working within the Cardiff and Vale UHB

Carers Involvement Group – A bi-monthly carers meeting is held where any carer or recent carer can attend to bring up issues or concerns.

Connecting service users with providers, planners and commissioners – carers influence the way that services are developed by collecting the views of other carers and service users and sharing them at planning meetings with the Health Board, Social Services and the Voluntary Sector. Key to this is the Carers Involvement Group. [See above]
Training – providing and promoting training for service users to learn new skills or refresh old ones. Our courses aim to give people the tools, techniques and confidence to influence the development and delivery of services.

Referral
No referral necessary. Just contact us for more information.

The Dyn Project
Cardiff

Voluntary Sector – Charity No. 1071243

Summary of Aims & Objectives
The Dyn Project is a safety planning and advocacy service for gay, bisexual, transgender and heterosexual men who experience domestic abuse in the Cardiff area. We also operate a free confidential national helpline for men across Wales (0808 801 0321) and an information-based website (www.dynwales.org). The Dyn Project is managed by the crime reduction and community safety charity Safer Wales (www.saferwales.com).

Services
The Dyn Project can provide a range of services, depending on the situation, including:
- Immediate safety measures and risk management advice
- Access to an effective, direct and consistent range of support services
- Joint working with other agencies
- Information and advice on a range of legal options (criminal and civil) to maximise safety, including advice on the collection of evidence and prosecution, if appropriate
- A forum for men who have experienced domestic abuse to connect with others

Referral
Referrals can be made directly by an individual, or by any agency or group supporting an individual.

Gofal
Cardiff and Vale of Glamorgan

Voluntary Sector – Charity No. 100889

Summary of Aims & Objectives
Gofal is a mental health charity providing a range of community based services for people who experience mental health problems which includes people with other support needs, e.g. drug and alcohol problems.

Services
• Tenant Support Schemes in Cardiff and the Vale providing support to tenants with mental health problems across a number of different tenures including Local Authority tenants, Housing Association tenants (Vale) and in some circumstances private tenants and owner occupiers
• Vale Housing Support & Advice Project – information, advice & support on housing issues for those experiencing mental ill health e.g. homelessness, risk of homelessness, short-term resettlement from hospital and referral into other services
• “Our Business” – This project is being run in partnership with Cadwyn, Taff, United Welsh and Cardiff Community Housing Associations. The project is a new initiative providing support, advice and encouragement to help individuals find their potential through training courses, voluntary work, vocational placements and for those who are interested, the opportunity to become involved in a social enterprise. The team can also offer support with access to paid employment e.g. CV writing, job applications and interviews

Referral
• Vale Housing Support & Advice Project – open referral, contact team for referral form (individuals, agencies, professionals)
• Cardiff & Vale Tenant Support Services – contact the team for referral arrangements
• Our Business Project – direct referrals from service users can be taken as well as referrals from their housing officers or support workers

Community Based Project

**Summary of Aims & Objectives**

The Henna Foundation (formally known as All Wales Saheli Assoc.) is a third sector registered charity, committed to strengthening families within the Muslim Community. The Foundation works nationally and internationally to advance the needs, concerns and aspirations of Muslim women, children and the families that they live within. Henna Foundation believes that Muslim Communities require culturally sensitive support, advice, assistance and awareness in dealing with the issues that they face. The Foundation’s ground-breaking approach is to engaging with all members of the family. Henna Foundation is committed to strengthening families and building safer, strong communities within civil society. The Foundation recognises that the benefits of psychologically healthy families in every way is critical to social and community cohesion. We provide the Muslim Family with:

- Advice
- Support
- Advocacy
- Training
- Policy Research

**Services**

We operate an open door policy with the intent to support Asian and Muslim clients who have difficulty in accessing mainstream Services.

- Protecting Children
- Forced Marriages and Honour-Based Violence
- Parenting
- Family Conflicts
- Cultural Identity
- Domestic Violence
- Divorce
- Welfare Rights

Islamic Social Support Association Wales is a voluntary organisation providing a number of support services to the community in Wales. Primarily our focus is in Cardiff, Newport and Swansea. We strive to provide a friendly, accessible, confidential and non-judgemental service.

Services

Advice & Information
- Befriending
- Advocacy
- Chaplaincy: Hospital
- Chaplaincy: Prison (Faith in the Future)
- Counselling
- Mediation
- Training & Workshops
- Spiritual Guidance

Currently, one of our key projects is ‘ISSA Minds at Ease,’ a culturally-sensitive support project for people with mental health difficulties.

Referral

We accept self-referrals and agency referrals (e.g. from health professionals, social workers, voluntary sector organisations).

Anyone looking for help or advice from an Islamic perspective can also make referrals. Please contact us for a referral form.

Voluntary Organisation

Summary of Aims & Objectives
Women’s Services is the women only arm of Llamau’s supported housing. It offers advice, assistance and provides safe supported accommodation. Women’s Services is aimed at females over 16 years old who are homeless or threatened with homelessness and do not have children living with them.

Services
• Supported temporary accommodation for vulnerable homeless or inappropriately housed single women aged 16 plus
• Support staff undertake thorough assessment of need and identify, with tenants, support needs, priorities and the most appropriate move-on options
• Areas of support include money management, addiction issues, mental health issues, abuse issues, education/training and employment issues, social and life skills
• Safe and secure supported accommodation with a maximum stay of 2 years, comprising 25 self-contained units across Cardiff and 2 24hr supported direct access projects
• There is also a refuge in the Merthyr Tydfil area for women & children fleeing domestic abuse or who are vulnerable and have complex needs

Referral
Women can access the service by either contacting us direct for an application pack or asking a support worker to do this for them. Anyone can make referrals.

MDF the BiPolar Organisation Cymru
Bi-polar Link Project
South, East and West Wales

Summary of Aims & Objectives
MDF The Bipolar Organisation Cymru works to develop partnerships with other organisations concerned with mental health to represent the needs of all those affected by Bipolar Disorder (Manic Depression) and to challenge the stigma of any serious mental health problem. The Organisation is a user-led mental health charity for people affected by Bi-polar Disorder and their family/carers.

The Bipolar Link Project, which is part of MDF, is based in the South, East and West Wales area. We work with individuals in the community, hospitals, psychiatric units and Community Mental Health Teams, etc.

Link Project Aims:
• To enable people affected by bipolar to take control of their lives
• To educate the public and caring professions about bipolar disorder and mental health issues
• To encourage and assist research into better methods of treatment
• To challenge the stigma, misinformation and ignorance surrounding mental illness
• To promote effective self-management techniques of depression and mania
• To promote the benefits of MDF membership

Link Project Objectives:
• To provide one-to-one mentoring services where individuals with Bi-polar Disorder can be linked up with a volunteer Mentor who has first hand experience of living with Bi-polar Disorder
• To provide volunteering opportunities and training
• To provide Self Management Training
• To provide Bipolar Disorder awareness sessions to professionals and organisations
• To provide a signposting service designed to help people set up a support network
• To signpost the individual to local Self Help Groups
• To liaise with the Organisation and other agencies to pursue better facilities and treatment for mental health problems
• To be financially self-supporting

Benefits of becoming a member of MDF the Bipolar Organisation include:
• Quarterly magazine - ‘Pendulum’
• Regular Wales magazine - 'Pendil'
• Training, talks and presentations
• Books and specialist publications
• Free Self Management Training Courses

MDF The Bi-polar Organisation Cymru  
(Self Help Groups)  
Cardiff and Vale of Glamorgan

Registered Charity No. 293340

Summary of Aims & Objectives

Group Aims

• To enable people affected by Bipolar Disorder (Manic Depression) to take control of their lives
• To educate the public and professions about Bipolar Disorder and mental health issues
• To encourage and assist research into better methods of treatment
• To challenge the stigma surrounding mental illness
• To promote effective self management techniques of depression and mania
• To promote the benefits of MDF membership

Group Objectives

• To provide a regular meeting place (at least once a month), where people can gather in a supportive and non-threatening atmosphere
• To educate people about all aspects of the condition with particular reference to encouragement of self-management techniques
• To provide people with opportunities for social interaction
• To encourage informal networks of support and befriending
• To facilitate communication with the Organisation at both national and regional level, and to receive its specialist literature and magazines
• To liaise with the Organisation and other agencies to pursue better facilities and treatment for mental health problems
• To be financially self-supporting

Services

Current Groups:

Cardiff
This group meet on the 3rd Tuesday of each month at the Chapter Theatre, Market Road, Canton, Cardiff CF5 1QE. The group meet from 7 – 9pm.

Barry (Vale of Glamorgan)
This group meet on the 1st Wednesday of each month at The County Library, Barry, King Square CF63 4RW. This group meet from 4 – 6pm.
Benefits of becoming a member of MDF the Bi-polar Organisation include:

- Training, talks and presentations
- Free Self Management Training courses
- Quarterly magazine – ‘Pendulum’
- Regular Wales magazine – ‘Pendil’
- Access to books and specialist publications
- Legal advice line
- Support helpline

Referral
All MDF Bi-polar self-help groups are open to anyone affected by Bi-polar Disorder – this includes carers, family and friends.

Charity Registration 801130

Summary of Aims & Objectives

• To promote public education and research into mental disorder of all kinds, their prevention, causes, treatment and care, provided that the useful results of any such research are made public.
• To relieve persons suffering from mental disorder of all kinds and provide or assist in the provision of the treatment and care of such person.
• To preserve and protect the mental health of persons who, because of stress, poverty or other circumstances, are at risk of mental disorder.
• To relieve poverty among families of persons suffering from mental disorder.

Services

Within Wales we provide free self management training to adults with an enduring psychiatric diagnosis, including schizophrenia, bipolar disorder, serious personality disorders and long term clinical depressions, etc.

The overall aim of the project is to gather evidence to evaluate the long term benefits of self management for people with a mental health diagnosis.

Referral

We actively promote the courses that will run locally through poster and postcard campaigns, but people can telephone 01633 415434 or email us at walesmhf@mhf.org.uk or look on the Mental Health Foundation website Wales.

We accept only self referrals but are happy for health professionals, voluntary sector organisations or an advocate or carer to help people contact us.

Contact

Tel: 01633 415434

www.mentalhealth.org.uk
Summary of Aims & Objectives
To promote the mental and emotional health and well-being of the public through the provision of information, advocacy, training and support.

Services
Community Services:

Wellbeing Drop-in Centres
At present the Centres are situated in Bridgend, Maesteg and Bettws
• Tuesdays & Fridays 11.30am – 3.30pm Nolton Church Hall Merthyr Mawr Road, Bridgend
• Wednesdays 12pm – 4.00pm, Bettws Life Centre, Bettws Road, Bettws
• Thursdays 12am – 4pm, Central Church, Church Street, Maesteg

The wellbeing centres have a relaxed friendly atmosphere where people can come and talk to others who may have had similar experiences. There is no formal referral process for this, people can just 'drop in’. There will be opportunity to join in activities and go on outings.

We have a regular programme of visiting speakers and activities.

Opportunities are also available to make links to education and leisure facilities in the community. Information is available on a range of mental health topics and we will be able to signpost people to other organisations or agencies.
E-mail: community@mhmwales.org

Tenancy Support Service
Our Tenancy support service seeks to enable people to maintain their tenancy or to access appropriate housing. We may be able to provide support around budgeting, general housing issues like repairs that the landlord is responsible for, or more specific issues like eviction. There is a referral process for this service, and you can contact a community service worker for details of this.
E-mail: community@mhmwales.org

Advocacy Services:
Community Advocacy Service
We work with people in the community who are experiencing mental health problems to help them communicate their views and wishes when dealing with primary and secondary health and social care providers and other professional organisations.
E-mail: cas@mhmwales.org
Independent Mental Capacity Advocacy
This service provides independent advocates (IMCAs) for people who are deemed to lack capacity to make certain significant decisions: and who, at the time such decisions need to be made, have no-one other than paid staff to support or represent them, or to be consulted. This independent service is managed by Mental Health Matters Wales and serves South West and South East Wales.

Please Note: Referrals can only be accepted from relevant personnel employed by a Local Authority, NHS Trust or LHB.
E-mail: imca@imcawales.org
www.imcawales.org

Independent Mental Health Advocacy
This service provides advocates (IMHAs) to support qualifying patients to ensure they understand the Mental Health Act 1983 and their own rights and safeguards. This independent service is managed by Mental Health Matters Wales and serves the Blaenau Gwent area.
E-mail: imha@imhawales.org

Referral
Please contact the manager; or go to our website for I.M.C.A. & I.M.H.A. referral forms.

Information Service
This service provides information on mental health services and other related services that are available locally and nationally, we can also provide information on mental/emotional health issues.

Directories of emotional and mental health related services (adult and young person) for Bridgend County Borough are available on our website: www.mhmwaes.org
E-mail: info@mhmwaes.org

Training
Training is available on a range of mental health related topics.

Self help group for adult service users

**Summary of Aims & Objectives**
We are a self help group for people who have, or have had mental health problems. We aim to support, advise and promote independence, and lobby for improved services.

---

**Services**
Our services include:
- Practical advice and help
- Representing the concerns of members in the implementation of service changes and developments
- A buddy system is in operation to visit newly discharged patients who maybe in crisis

---

**Referral**
We get referrals from all local G.P.’s, Councillors, Solicitors and relatives of existing members. We produce posters and leaflets to leave in other public buildings.

---

**Contact**
Robin Williams
24 Gwyn James Court, Sundew Close, Penarth CF64 2QL
Tel: 029 2071 1371
Charity no: 1066735

**Summary of Aims & Objectives**

The aim of the project is to work towards helping women raise their levels of awareness on how to overcome mental health barriers, access mainstream services and empower them to build confidence, skills and cope better with mental health issues.

**Services**

- The project will explore the different mechanisms that can be used to raise awareness amongst the general population and engage with sufferers and their carers, and most importantly, work towards prevention and acceptance in the communities through mental health promotion and awareness raising sessions focussing on combating stigma and discrimination.
- Some of the initiatives to be explored include workshops on mental health education and promotion, capacity and confidence building, education and training and coping strategies by recognising individual strengths through arts and crafts, voice coaching, creative writing, healthy eating, positive living concepts such as walking, visits to heritage sites, outdoor leisure activities, complementary therapies and yoga among others.
- The aim of the workshops is to enable clients to sustain independent lives by increasing their confidence and self-esteem and supporting them to pursue interests which will improve their mental health and well-being whilst improving their knowledge and awareness on mental health issues.
- The project is funded by the Welsh Assembly government under the NVO grant scheme for three years ending March 2011.

**Referral**

People can access our services through referral by G.P., Social Worker, friends and family, Walk-In, referral by partner organisations/projects, BME community centres/groups etc.

Mind Cymru is the Wales-based office of Mind (The National Association for Mental Health).

**Mind's Mission**
Our vision is of a society that promotes and protects good mental health for all, and that treats people with experience of mental distress fairly, positively, and with respect.

The needs and experiences of people with mental distress drive our work and we make sure their voice is heard by those who influence change.

Our independence gives us the freedom to stand up and speak out on the real issues that affect daily lives.

We provide information and support, campaign to improve policy and attitudes and, in partnership with independent local Mind associations, develop local services.

We do all this to make it possible for people who experience mental distress to live full lives, and play their full part in society.

**Values**
- Informed – People with experience of mental distress drive all we do
- Diversity – We respect everyone's experience and ensure inclusion is at the heart of our work
- Partnership – We are committed to working with our networks and all who will help us achieve our mission
- Integrity – Our independence ensures our integrity – we are never compromised
- Determined – We will never give up challenging discrimination and campaigning for better mental health

**Services**
- Raising public awareness of mental health issues; campaigning, conferences
- Mind Link is a national network of mental health service users and survivors
- Diverse Minds is a network of black and minority ethnic service users
- User involvement
- Supports 20 Local Mind Associations in Wales, which provide direct services to their communities.

A full description of these services is available from Mind Cymru.

Mind in the Vale of Glamorgan
Vale of Glamorgan

Voluntary Organisation – Charity No. 1066411

Summary of Aims & Objectives
Mind in the Vale of Glamorgan aims to develop services which:
- Are based on the wishes, needs and rights of people who use the service
- Work to support and empower people with mental health problems
- Assist in developing ‘good practice’ in mental health services
- Raise public awareness of mental health services

Services
We provide three open access Mental Health Resource Centres which serve distinct geographical communities within the Vale of Glamorgan (East, Central and West Vale).

They are:
- Mind in the Vale (Mental Health Resource Centre) Barry Centre
- Mind in the Vale (Mental Health Resource Centre) Penarth Centre
- Mind in the Vale (Mental Health Resource Centre & Outreach) Western Vale Project

They provide:
- User-led social activities
- Information on a wide range of mental health and community resources
- Signposting to appropriate specialist and general support
- Access to well-being and complementary therapy groups/courses and training
- Activities & volunteering opportunities to help people fulfill vocational or educational potential

Mind in the Vale also run:
- Travellers in Mind Café Gallery (café and catering based work experience project and art gallery)
- Charity Shop – offering volunteering opportunities to Service Users. You can contact the shop at 92 Main Street, Barry, Vale of Glamorgan, CF63 2HN Telephone: 01446 737556 or 01446 730792.

Referral
All Mental Health Resource Centres are open referral. Referrals for vocational support and/or work experience (Travellers in Mind) via Main Office, Tel: 01446 730 792.

Voluntary Organisation - voluntary work experience

Summary of Aims & Objectives
Travellers in Mind Café Gallery is a supported work experience project based in the café at Barry Railway Station, Broad Street, Barry. It aims to support people recovering from mental health problems to:
• Re-adjust to a working environment
• Gain confidence and self esteem
• Utilise existing skills
• Develop new skills including outside catering
• Assist with vocational opportunities

The café also functions as the Travellers Gallery with exhibitions in partnership with Vale of Glamorgan Artists (VOGA).

Services
The café provides volunteer work experience in a friendly and welcoming work environment with support to move on to vocational or educational goals. The café opens Monday – Friday from 7am – 1pm. It also provides the base for Catering in Mind which provides a catering service across Cardiff and the Vale using the projects refrigerated van. A sandwich run to local offices and a homemade cake baking service are also provided.

People have a chance to learn a range of skills including:
• Catering skills
• Handling money
• Customer service
• Health and hygiene
• Food preparation
• Baking
• Driving
• Business skills

Placements at the café will be tailored to people’s vocational needs.

Parents /Carers /Interested Professionals – Support Group

Summary of Aims & Objectives
Cardiff and the Vale NAS Branch is a parent/carer – led voluntary group who meet regularly to exchange information, advice and support in a sociable and friendly atmosphere.

We are committed to raising awareness and understanding of Autistic Spectrum Disorders in Cardiff and the Vale area.

We are committed to equal opportunities for all and the development of a working partnership with professionals and with other voluntary organisations.

Services
Regular group meetings are to be held with the opportunity for parents, carers and professionals to meet each other. We aim to hold our meetings at various venues across Cardiff and the Vale. We welcome anyone who has concerns and would like to know more about this condition. No diagnosis is necessary.

New Pathways  
Cardiff and Vale of Glamorgan

Voluntary Sector – Charity No. 1029186  
Summary of Aims & Objectives  
To relieve the mental and physical distress of women, men, children or young people who have suffered rape, sexual abuse or trauma, or have been affected by sexual crime. We aim to promote education and research into the subject of Sexual Abuse and the effect it has on women, men, children and young people, whether medical, social and/or psychological.

We also aim to raise awareness of the issues surrounding sexual crime, alerting people to the dangers and educating people, so that myths and stereotypes surrounding the nature of Rape and Sexual Abuse can be dismissed. We are committed to providing empathy, care and respect to those whose pain may have been hidden for years, enabling them to find the strength and courage to regain control of their life and achieve their full potential.

Services  
• Counselling for women and men who have suffered rape or sexual abuse  
• Counselling for children and young people who have been affected by any kind of trauma, including in particular sexual abuse  
• Our Outlook Project provides counselling and support to offenders who have been affected by rape, sexual abuse or trauma  
• The operation and management of 4 Sexual Assault Referral Centres (SARCs) in Merthyr Tydfil, Risca (nr Newport), Swansea and Carmarthen  
• Pre-court support and advice to adult victims of rape or sexual abuse  
• Pre-court support and advice to children & young people who have been victims of rape or sexual abuse  
• Our Hear to Listen Project which provides telephone counselling and support  
• BSL counselling services for deaf and hard of hearing people  
• Specialist support for professionals working in the field of rape and sexual abuse  
• Specialist training for various voluntary and statutory organisations

Referral  
• Self referral by telephone or letter  
• By G.P.’s, Psychologists, voluntary or statutory agencies

NewLink Wales
Wales

Voluntary Sector – Charity No. 1085545

Summary of Aims & Objectives

NewLink Wales is unique and innovative in providing specialist services to frontline agencies and organisations working to support substance misusers. NewLink Wales’ objectives are:

• To advance the education of the public in the causes and effects of substance misuse
• To help in the prevention and minimize the risks of substance misuse
• To relieve the harm, adverse health and living conditions of those affected by substance misuse through the provision of services to professionals, volunteers and statutory agencies working in the substance misuse field in Wales

Services

NewLink Wales provides the following services:

Training

NewLink Wales is recognized as a key provider of substance misuse training throughout Wales. Courses are mapped to the National Occupational Standards and some are accredited by the University of Wales, Newport. We are both a City & Guilds and an Institute of Leadership and Management approved centre for NVQs and Management Training. We are also registered to offer ILAs via Learn Direct. All our training staff have direct service experience within the substance misuse field, and are qualified trainers enhancing the quality assurance and delivery of our annual training programme. This ensures the understanding to design and deliver in-house courses to organisations.

The qualifications we offer include: NVQ Level 3 in Health and Social care, Level 3 and 4 Awards and Certificates in Working with Substance Misuse, NVQs Level 3, 4 & 5 in Management and Service User Qualifications.

Volunteering

Our Volunteer Service recruits, supports and places volunteers within registered placements working to support people dependent on alcohol or drugs. This provides a much needed skilled people resource supporting capacity building and service delivery. Over 150 volunteers to date have gained employment in the field via NewLink Wales’ Volunteer Service and on-going training programme.

MILE

This programme is the first of its kind in Wales and is specifically designed for ex-users who want to move from being a client of services to being a volunteer in services and ‘give something back’. The programme has been developed to harness the valuable experiences of ex-service users and to provide support to those who need a little extra
time or distance from their own personal history before becoming volunteers within placement agencies registered with NewLink Wales.

M.I.L.E is tailored to meet the developmental needs of individuals, offering group work, one-to-one sessions and monthly reviews and is accessed via the volunteer service of NewLink Wales. Volunteers can progress through the groups until they exit the programme onto NewLink Wales’ volunteer training before being placed within an agency. The programme recognises the valuable skills, knowledge and experience that ex-users can offer to treatment services, associated agencies and service users. The experiences of ex-users are hugely important as they can help shape policy and practice and contribute to the development of future services.

**NewSteps**

NewSteps is NewLink Wales’ most recent and innovative project working with service users in Wales. We have developed a new opportunity to introduce volunteering and learning to substance misusers drinkers while they are still going through treatment services.

The NewSteps project is a learning support programme linking those still receiving treatment with suitable volunteering placements not in substance misuse but within the wider community. This will enable volunteers to move forward through learning and volunteering which will build confidence, skills and knowledge. Volunteers will have the opportunity to attend accredited training courses and achieve qualifications such as NVQ’s or environmental awards.

The NewSteps volunteer will be offered continuous support during their volunteering experience through NewLink Wales. They will be placed with a volunteer buddy or befriender who will offer friendly encouragement and support them during their volunteering in a chosen placement.

**BME Community Engagement**

Our BME Community Services continue to develop. We now have a number of information desks in Cardiff & Newport, providing drug and alcohol information cards in various languages. We deliver Drug & Alcohol Workshops, including cultural drugs, in ethnic languages. Staff and volunteers support individuals, families and communities on issues related to substance misuse in a culturally appropriate, confidential and sensitive manner. The Axis Community Engagement Project in Cardiff is a Tier Two referral project acting as a bridge linking communities and treatment services. The Newport Community Engagement Project has an Outreach Service among communities, and offers workshops & information raising awareness, setting up local steering groups, supporting local communities in dealing with issues of drugs and alcohol. All of these services are supported by our volunteers, many of whom are
NewLink Wales (Cont.)
Wales

from BME communities, wishing to support their own communities in dealing with such difficult and sensitive issues.

Organisations which take up membership with NewLink Wales are able to become placement agencies for volunteers and are entitled to discounts on training courses.

Newydd Housing Association
Vale of Glamorgan

Registered Housing Association servicing social housing needs

Summary of Aims & Objectives
Newydd Housing Association is a Registered Social Landlord providing affordable, sustainable homes with excellent customer service to tenants and customers. We don’t just want our customers to be satisfied with what we do, we want them to be delighted with the service we provide.

Services
Newydd is one of the leading housing associations in Wales providing 2,500 affordable and high quality homes for sale and rent across a number of local authorities including Vale of Glamorgan, Cardiff, Rhondda Cynon Taff, Neath Port Talbot, Torfaen and Powys. We can also offer you other options including sheltered housing accommodation or possibly an opportunity to own a home through our shared ownership scheme.

Newydd homes are available to people that are able to live independently, or with very little support, however separate floating support services can be accessed via your local authority. Supported housing projects are also available to you through our work with our partner organisations; Lifeways, Gofal, Drive, Foundation Housing, Hafan Cymru and Gwalia Care and Support. Newydd ensures that your needs are catered for no matter your circumstances.

Cardiff Nightline
Cardiff University, UWIC, Glamorgan University and the Royal Welsh College of Music and Drama

Voluntary Organisation

Summary of Aims & Objectives
Nightline is a confidential listening and information service run by students of Cardiff University, Glamorgan University, UWIC and the Royal Welsh College of Music and Drama for students at these institutions. We do not take calls from anyone who is not a current student at one of these institutions.

Nightline provides a confidential listening, emotional support and information service. University is a time of many changes and challenges and being able to talk to a peer—someone who understands what you’re going through at your university and can empathise—can and does make a difference. Students can talk to us about anything they like. We won’t judge and we won’t tell them what to do, but no matter what it’s about, we’ll listen. Nightline is confidential and anonymous; students don’t have to tell us anything about themselves, not even their name.

Callers come to us about anything and everything but common topics for students to discuss include academic stress, depression, loneliness, eating disorders, arguments with flatmates, career path, sexual abuse, worries about a friend, bereavement, relationship breakdown, sexuality, abortion, alcohol and drug abuse, family problems, discrimination, suicidal thoughts, disability, housing concerns, bullying, self harm, debt... There is no problem too big or too small—if it’s bothering a student, Nightline volunteers will be there to listen. Our volunteers don’t have the answers—they’re trained to actively listen, to help students come to their own solution or resolution. Nightline will listen for as long as students want to talk.

Services
• Open 8pm – 8am during standard term time
• Listening Service
• Information Service – anything from a pizza number to exam locations, and everything in between

Referral
Not necessary: any current student may ring.

NSPCC
Cardiff and Vale of Glamorgan

National Voluntary Sector Charity – Charity No. 216401

Summary of Aims & Objectives
See services below.

Services
• Children’s Work: Provides a therapeutic environment for children and young people to work through their experiences of domestic violence, be it past or present
• ‘Caring Dad’s’ programme; This course is for men who are experiencing difficulties in terms of their violent or abusive behaviour within the family who want to improve relationships with their children.
• Partner Support – Keeping partners of men on programme aware of what is happening and assist and support them in safety planning.
• Mothers Support Group: provides support to mothers in talking to their children about abuse they have witnessed.

South East Wales Therapeutic Services
Workers at the South East Wales Therapeutic Service (SEWTS) support young people who have had difficult life experiences, through neglect or physical, sexual, emotional or domestic abuse. At SEWTS we work with young people and provide a safe space for them to explore their worries and feelings to help them recover from their experiences.

We have joined two offices in Cardiff into a new, purpose built building off Ocean Way, which houses the domestic violence prevention service and the new South East Wales therapeutic service as well as the national staff.

Referral

Summary of Aims & Objectives

Key Aims
1. To seek to empower the Resident and facilitate long-term solutions to their housing and support needs.
2. To identify the best available options for their rehousing.
3. To make best use of the housing resources available, as fairly as possible, and without discrimination to those on the resettlement programme.
4. To ensure that Residents referred to other organisations are suitable for those organisations.
5. To seek to support Residents, regarding skills and knowledge required in order for successful move on. Areas include:-
   - Welfare benefits – seeking to maximise the client’s income
   - Training and employment/career choices.
   - Tenancy rights.
   - Cooking/domestic skills – if these are sought.
   - Social skills/networking.
   - Budgeting skills.
   - Coping skills/Basic skills.
6. To promote positive relationships that overcome isolation and encourage interaction with the wider community.

Objectives
1. Promote independence of our Residents
2. Ensure that Residents are consulted, informed and able to participate
3. Develop Partnership Working
4. Provision of Spiritual Programme
5. Assist in the prevention of homelessness
6. Maximise and develop services in order to meet identified strategic need
7. Improve communication and relationships externally and within the centre
8. To increase Staff knowledge and expertise

Services

Accommodation and Support
The Centre has 66 units of accommodation. 12 of these units are self-contained flats. When a person accesses one of these rooms they will be assessed and be expected to agree to a resettlement plan.
The Bridge Programme
15 rooms have been specially adapted for a residential treatment service for homeless people with dependent substance misuse.

The Programme was developed and agreed with Cardiff and Vale NHS Trust (now Cardiff and Vale University Health Board) and has been based on the Social Learning Theory Model, which focuses on the causes and consequence of substance misuse. Workers on the Unit will use motivational interviewing techniques to help residents think about their reasons for using substances and to make choices and take action on this basis.

The programme is split into three phases:
• Preparation
• Detox
• Therapeutic Aftercare

Each phase of the Programme will involve a timetable which will include group and one to one assessment and support.

Service User Group
The Centre has a diverse service user group with varying support needs. The age range for accommodation at the Centre is eighteen plus. Both male and females are accepted.

Referral
No waiting list policy is in place, we accept referrals from Temporary Accommodation (TA), Emergency Bed Co-ordinator (EBC) as well as voluntary sector agencies and self referral to the Bridge Programme.

To provide a formal advocacy service to people who are in, and day patients of, psychiatric hospitals in Cardiff and the Vale.

Services
• We run advocacy services at set times/days in Whitchurch, Llandough (Llanfair Unit) and UHW hospitals
• We run the statutory Independent Mental Health Advocacy service for Cardiff and the Vale of Glamorgan. This service is available to anyone who is detained under the main sections of the Mental Health Act anywhere in the Cardiff and Vale area
• Unfortunately we cannot provide a service to people with dementia unless they are detained under the Mental Health Act, nor to relatives, friends and carers
• We can be contacted, outside of session times, by telephone
• Languages spoken – English/Polish
• We can produce leaflets in large print

Referral
Referrals by speaking to us at a ward session or telephoning our office. Anyone can refer to us; but we would ask that the referrer ensures that the person they are referring has given their consent.

SPLAG Wales (Support for Families of Lesbians and Gay Men)
Wales

Summary of Aims & Objectives
• To relieve emotional distress suffered by lesbian, gay and bi-sexual people and their families and friends – to do this by means of a confidential telephone helpline, support groups and the provision of information so that families and friends may be helped to understand, accept and support lesbians, gay men and bi-sexuals with love and pride
• To raise public awareness of issues of sexual orientation with a view to working towards the elimination of homophobia

Services
• Telephone helplines
• Support Groups
• Literature

Referral
Self-referral.

Taff Housing – Tenant Support Project
Cardiff

Housing Association

Summary of Aims & Objectives
- To be the preferred provider of community based housing and support
- To deliver customer focused, high quality services which give value for money
- To be flexible, innovative, and responsive in customer service

Services
The Support Services department provides temporary, supported accommodation to young, homeless women, mothers and babies in three projects in Cardiff. Accommodation may be offered to pregnant women, mothers with a baby up to the age of 2 years and young, single women who are aged between 16 and 25, homeless and with support needs. Each project specialises in offering a comprehensive support package tailored to meet the needs of the individual and to equip them to move on to independent living.

Applying for Accommodation
Ty Enfys and Ty Seren
Homeless women aged 16–25 with support needs may apply to these projects. Applicants may self-refer or be referred by outside agencies and will be given an appointment for an assessment of their housing and support needs. Based on this assessment, accommodation will be offered to applicants according to need and whether the projects can provide the support that will most benefit them. For further information about applying for accommodation please telephone the projects.
Ty Enfys – Ninian Road, Cardiff CF23 5EP, Tel: 029 2049 4729
Ty Seren – Newport Road, Cardiff, Tel: 029 2049 7379

Ty Haul
Ty Haul is primarily a move-on facility for women from Ty Seren who no longer require the level of support offered at that project. Applications are made to the Project Manager at Ty Seren and an assessment carried out with the applicant and Ty Seren and Ty Haul staff to establish their suitability for the project. Although priority will be given to women resident at Ty Seren, applicants from other supported housing projects may also be considered.
Ty Haul - Cowbridge Road East, Canton, Cardiff, Tel: 029 2049 7379

Floating Support
Taff has had a floating support service since 1996 and was developed as the Association believes that everybody has a right to a home and recognises that some people may need support to settle successfully, feel comfortable and maintain their own homes. The service has developed over the years and in addition to supporting people who are either Taff Tenants or who are on the waiting list for a Taff property the
Association has been awarded contracts to support people in the Vale of Glamorgan, Newport Housing Trust and Cardiff County Council. In addition to providing generic support the project has developed specialist expertise in support for Older People, Young People and Forensic clients. The Service consists of four teams who support:
• Taff Housing Association Tenants/applicants
• Cardiff Council Tenants
• Forensic clients
• Older People (covers Cardiff and Newport)
• Vale of Glamorgan Council Tenants

What can the Tenant Support Project do?
A support worker can help in the following areas:
• Moving into a new home, including applying for grants and buying furniture
• Claiming benefits
• Managing money
• Paying bills and budgeting
• Tenancy advice – trying to sort out rent arrears
• Neighbour disputes etc
• Help with forms and other paperwork
• Advice and emotional support about things such as lack of confidence, depression and anxiety
• Mental health difficulties
• Alcohol and drug use
• Acquiring daily living skills
• Accessing other support agencies and talking to those agencies if needed

Terrence Higgins Trust Cymru
South Wales

Independent Voluntary Sector

Summary of Aims & Objectives
• To reduce the spread of HIV and STIs and promote good sexual health
• To provide services which improve the health and quality of life of those affected
• To campaign for greater public understanding of the personal, social and medical impact of HIV and sexual ill health

Services
• National rate helpline – THT Direct 0845 12 21 200
  (weekdays 10am – 10pm, weekends 12 noon – 6pm)
• Community Support
• Face-to-face counselling
• Support groups for:
  - HIV-positive African women, HIV-positive gay men, HIV positive children and their caregivers, Carers and bereaved, as well as a Patients Forum
• Trust fund that makes grants available to people with HIV in South Wales
• HIV awareness training to external agencies
• Awareness raising activities such as World AIDS Day
• Information and leaflets to professionals in related fields
• Outreach for Gay men (CHAPS Cymru) and Africans living in the UK
• Weekly social care clinics at GUM Depts
• FASTEST: 1-hour HIV testing on Tuesdays 6pm – 8pm
• Contact for Wales HIV Network – bringing services users and providers, planners etc. together throughout Wales
• Contact also for Southeast Wales LGB Forum

Referral
• Anyone, regardless of HIV status, can access our Helpline for support and HIV information in the first instance
• Self-referrals for community support and counselling are acceptable but we may need a reference from your social worker or health adviser before we can work under any long-term care package
• Trust Fund applications can be from support services or self-referral

Summary of Aims & Objectives

Mission Statement
To deal with the causes, existence and consequences of homelessness and to inspire people to fulfil their potential and achieve their goals.

Vision Statement
To end the experience of homelessness.

Values Statement
In the Wallich, individually and collectively, we are committed to:
- Treating all people with dignity, tolerance and respect
- Providing a service that is responsive, reliable, approachable and innovative
- Building on what is already working and being trusting, empowering, positive and supportive

Services
The Wallich provides a wide range of services to meet the needs of diverse groups of people. We cater for homeless and potentially homeless people who often find that help is not readily available elsewhere. At present we operate around 40 projects across Wales and continually seek to expand our portfolio according to levels and types of need.

Service Summary
- Direct access hostels: immediate accommodation and help for homeless people without a referral from another agency
- Shoreline Housing: for long term street drinkers
- Tenancy Support: support for vulnerable people in their own tenancies
- Rough Sleepers Intervention Team: provision of humanitarian aid – hot food, sleeping bags and information – to rough sleepers providing a route off the streets
- Mediation: Mediation services to young people in danger of becoming homeless through dispute with their parents or carers
- Vesta Projects: Accommodation and support for homeless people with a drug addiction

Voluntary Sector Services
- Education Projects: Accommodation for people committed to training and learning
- Community Housing: Supported shared houses and residential flats for people with dual diagnosis (mental health problems AND substance misuse)
- Night Shelter: Short term accommodation (on a nightly basis) for rough sleepers
Referral
See following page for referrals and contact numbers for each project. Full information on each project is listed on website www.cvmhdp.org.uk – go to Online Directory Voluntary Sector Services.

Housing Association

**Summary of Aims & Objectives**

Prep provides accommodation to men and women who are homeless or inappropriately housed and who have additional support needs, such as mental health problems, drug and alcohol problems, learning difficulties, physical disabilities and older people. Referrals are only accepted from people aged over 18 and who have no dependent children living with them.

Prep is committed to providing a holistic and individual service, working towards empowerment and independence by way of mutually agreed support plans. All tenants are encouraged to do things for themselves, including budgeting, menu planning, shopping, cooking, cleaning, socialising and accessing community activities. Tenants can receive support from staff with benefit entitlements, etc. Where necessary, staff also advocate and mediate for tenants.

**Services**

Four of the projects are temporary, the maximum length of stay being 2 years. Prep will aim to identify and secure suitable permanent accommodation and provide practical support and assistance moving on (to obtain household items, connect amenities, etc.). Resettlement support can be provided for an agreed time once individuals have moved into permanent accommodation, to ensure maintenance of tenancy and the well being of the tenant.

Staff and clients work in conjunction with other professionals, including social work teams, district nurses, CPN’s, further education/training agencies, housing agencies, and day centres.

**Prep 184** – is a shared 4-bed house in Grangetown, Cardiff for people with medium to high support needs. The aim of Prep 184 is to provide a homely, relaxed atmosphere in which tenants can develop towards independent living. Tenants at Prep 184 often move on to more independent Prep projects to promote independence gradually.

Tenants share a bathroom, lounge, kitchen, dining area, utility room, garden and garage.

Staff are available here 7 days a week, 9:30am - 5pm, with a 24-hour emergency on call system for when staff are not on the premises. The Prep office is based here.

**PREP 197, 40, and 53** – This consists of 9 self-contained furnished flats and 1 bedsit in Grangetown and Llandaff for tenants with medium support needs. Staff provide support in tenants’ homes via a keywork system, although reactive support is also provided. Tenants also have access to the emergency on-call system. The aim of Prep 40 is to prepare tenants to move on to independent accommodation.
PREP 21 – This consists of a 3 bed shared house in Rumney, Cardiff, for tenants with low support needs. This accommodation is permanent, although tenants may move on if they desire or no longer have support needs. Tenants share a lounge, kitchen, bathroom, garage/games room and there is a fourth bedroom used as an office or private room for visitors.

Tenancy Sustainment Team – The team provides ongoing support to Prep tenants who have moved on to independent accommodation. This is via a keywork system and aimed at assisting tenants to maintain their tenancies independently.

Referral
Referrals to Prep are accepted from individuals, agencies and other organisations.

Contact
If you require further information or to make a referral, please contact the Prep team.

Voluntary Sector/local/County Voluntary Council – Charity No. 1062388

**Summary of Aims & Objectives**

The Vale Centre for Voluntary Services is an independent charity. It has a flourishing membership of voluntary and community organisations active in the Vale of Glamorgan. It helps to improve the quality of life of individuals and communities by supporting voluntary groups. It develops and co-ordinates voluntary action and challenges discrimination.

**Services**

- Support for voluntary (non-profit) organisations through development (e.g. setting up, legal structures), training, funding advice, practical services (e.g. printing, equipment loan) representation, networking and information (e.g. newsletter, fact sheets, Directory of Members)…
- Office hours 10am – 4pm
- English spoken by all staff, Welsh by some; all correspondence given equal consideration in either language
- Building and VCVS meeting room are fully wheelchair accessible

All info leaflets available in large format, “Vista” (magazine) available on CD and e-mail.

**Referral**

VCVS provides a service that is available, through membership, to all voluntary and community organisations based in or serving the Vale of Glamorgan. For small organisations (income less than £15,000), membership is free.

One of the services that it provides is the publication of a Members Directory that lists organisations by interest (e.g. Mental Health) and a copy of this is available on request.

Vale People First
Vale of Glamorgan

User led self advocacy organisation

Summary of Aims & Objectives
Vale People First is a self advocacy organisation for and led by people with a learning disability that live, work or have a connection within Vale of Glamorgan. We strive for respect, changes and opportunities to become full and valued members of society. We provide training for professionals and are funded to be the representative voice for learning disabled people in the Vale.

Services
Vale People First is involved in future service planning provision, self-advocacy and campaigning for equal rights and services. We run a young people’s group for 16–25 year olds that speak up about young people’s disability issues.

Referral
From any source.

SSAFA (Soldiers, Sailors, Airmen and Families Association)
Forces Help Confidential Support Line
SSAFA Forces Help’s Confidential Support Line is completely independent of the military chain of command and is totally confidential. Our experienced civilian staff
Veterans & Mental Health (Cont.)
Wales

provide a supportive, listening and signposting service for Serving personnel and their families as well as former members of the Armed Forces. You can talk to us about anything including personal concerns and problems. Where possible, we will give you factual information or signpost you to appropriate ways forward, but we will not judge you.

The telephone support line is available 365 days a year and provides a service which is outside the chain of command. The line is open from 10.30am – 10.30pm.
Tel: 0800 731 4880 (Confidential Support Line - Freephone)

Cardiff & Vale Branch
Maindy Barracks, Cardiff CF14 3YE
Tel: 029 2038 3852

Some more information about SSAFA Forces Help
The services reflect the financial, practical and emotional issues people face today and they are freely available to virtually everybody with a Service connection. Some are more appropriate for those currently serving, some for those who have served and there are those which apply to everybody. But whatever your status, the enquiry will be treated as confidential and SSAFA Forces Help aim to ensure that you are always treated with dignity and respect.

You and your immediate dependents are eligible for our help if:
• You are currently serving
• You have served one paid day's service in any of the Armed Forces
• You have completed one year's service in the Reserve Forces, one day's service on operations or you have done National Service
• You served one paid day in the Mercantile Marine including the Korea, Falklands and Gulf operations
• You have completed one year's service in the Association's Nursing and Welfare Service
• As a UK Citizen, you have received one day's pay whilst stationed overseas as part of the Armed Forces and for a period ending no more than six months after your return to the UK
Combat Stress
Combat Stress delivers dedicated treatment and support to Ex-Service men and women with conditions such as Post Traumatic Stress Disorder (PTSD), depression and anxiety disorders. Our services are free of charge to the Veteran.

We would be delighted to hear from anyone who needs our help – or indeed from anyone who’d like to help us, perhaps by way of a donation or as a volunteer fundraiser.

Our services are free of charge.

Victim Support S. Wales – Cardiff
Cardiff

Voluntary Sector – Charity No. 1095397

Summary of Aims & Objectives
Victim Support is a national charity for victims of crime. Staff and trained volunteers based in local branches provide support, information and practical help to people who have suffered crimes ranging from burglary to the murder of a relative. Our witness service based in the Magistrate’s and Crown Courts helps witnesses and their families before, during and after a trial.

Services
• Emotional and practical support to victims of crime
• Open 8.30am – 4.30pm weekdays
• 24 hours answerphone
• Volunteers visit the homes of victims or support them in the office or a neutral venue
• Advice leaflets in different languages
• Braille advice folders
• Pre-trial visits
• Quiet place for witnesses to wait while going into court away from defendants and public
• Criminal Injuries Compensation Authority application assistance
• Help with home security

Welsh Tenants Federation
Wales

Not for profit limited company

Summary of Aims & Objectives
Core Values
• Every tenant has a right to a decent quality affordable home, this is portrayed in our mission statement, ‘A decent quality affordable home, is a right not a privilege’.
• We uphold the principles of the human rights act 1988 in particular article 8, every tenant has a right to live in peace and quiet enjoyment of their home
• We believe that everyone has the right to express themselves in accordance with their cultural values and beliefs, providing this doesn’t alienate or discriminate against others.
• We believe that everyone must have the freedom to make informed choices about their home, welfare and community and a right to play a key role in their community, having the ability to influence decisions about the services they receive

Services
• Free membership to tenants and residents across Wales
• ATTAIN Events (Accessible Tenant Training And Information Networks) 20 events per year – 5 per region
• Free and accessible information including access to our library of information
• Free advice and support line with friendly and knowledgeable staff on hand to provide help and advice on all issues linked to your housing and your community
• Help completing small grant applications for Tenants and Residents groups provided free of charge
• Access to a hot-desk at the office
• Tenant Empowerment Grant Agent
